No. 16183—*G.* 4552, *Enc.*, *dated 27th March* 1895.

The following letter issued by the Post Master General, Madras, to all Postal Officers in Mysore, is published for general information :—

From the Post Master General, Madras, to All Postal Officers in Mysore.

G. L. No. 82-*D*—*C. M.* 6-*No.* 2, *dated, Post Master General's Office, Madras, the 6th March* 1895.

It sometimes happens that an official of the Mysore Government when on leave franks an article bearing the superscription "On Mysore Government Service" for transmission through the post office free of charge in contravention of the provisions of clause * 320 of the Indian Postal Guide (January 1895). An officer on leave is a private person as regards any official communication that he may have to make to a Government office: and he has therefore no authority to superscribe an article for transmission through the post office as "On Government Service."

*Government officers on leave and Government officers who have retired from the service are not entitled to this privilege in any case. (A. The privilege is official postage rates.)

2. It is however open to him to frank and despatch correspondence relating to the affairs of Government with the superscription "Service unpaid," for which provision is made in clause 338 of the Indian Postal Guide: and articles bearing this superscription and duly franked by the sender should always be delivered free of charge when addressed to an official of the Mysore Government, provided of course that the articles are both posted and delivered within the State.

H. FARRER, *Post Master General.*

REVENUE.

SALE OF TODDY VEND FARMS FOR 1895-96.

Notification No. 15931—*R. F.* 210-92, *dated* 29*th March* 1895.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Date Toddy in the various classes of farms specified in the subjoined schedule for one year beginning with 1st July 1895 and ending with 30th June 1896, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said schedule and at the Taluk Kasbas, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid farms, or should any of the present farms be unduly large, the officer conducting the sale, may revise, subdivide or otherwise re-arrange the farms subject to the approval of the Excise Commissioner.

2. The exclusive privilege above described will be put up to auction, and will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject any bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate

sum equal to three months' rent, and if he fails to do so, the deposit already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement of existing shops in each farm and the groves attached thereto will be shown to the intending bidders at the time of sale and every successful bidder will be furnished an extract from this statement showing the groves attached to his farm. The monthly rental of each farm for the years 1893-94 and 1894-95 is appended.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the exclusive privilege of manufacturing toddy from the date trees in the groves assigned to his farm; and he shall be at liberty to manufacture toddy from date, palmyra or cocoanut trees in private lands either inside or outside the limits of his farm, on separate free licenses issued under Section 5 of the Excise Act, or to buy it from other farms, under private arrangements between him and the owners of such lands or the licensees of such farms, as the case may be, the selling price of palmyra and cocoanut toddy being fixed by the Excise Commissioner from time to time.

(2) The exclusive privilege shall extend only to the sale of date, palmyra and cocoanut toddy, and shall not include the sale of bagani toddy.

(3) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed challans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895 together with the local cess of one anna on every rupee of such instalment; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent, together with local cess thereon, shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(4) Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee shall be forfeited after adjustment of any deficits arising from resale as per condition (3) above. The said deposit will be taken in adjustment of the demand for the last three months of the period for which the farm is held.

(5) The toddy shall be sold to the public at the rates prescribed by Government.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(7) The licensee shall keep true accounts of the quantity of toddy received and issued to shop-keepers. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, shall be strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending arrack in any part of the farm, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any toddy farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(11) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with permit books for the transport of toddy, which books may be purchased from local Excise officers.

(12) The farm shall not be transferable except with the permission of the Excise Commissioner.

(13) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

(14) The remaining terms and conditions shall be as set forth in the prescribed licenses.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government. When a farm is cancelled, the rent for the whole period of the farm shall become due at once; and all loss caused to Government by the cancelment or resale of the farm shall be made good by the licensee or his surety in the manner specified for resales in para 4 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other enactments or rules for the time being in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary.*

SALE OF ARRACK VEND FARMS FOR 1895-96.

Notification No. 15941—*R. F.* 210-92, *dated* 29*th March* 1895.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months beginning with 1st July 1895 and ending with 30th June 1896 will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the Head-quarters of the Shimoga District for that District, and at the Taluk Head-quarters in the other Districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited, and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement showing the details of consumption of Arrack in the shops of the existing farms will be shown to the intending bidders at the time of sale. The amount of rental and the consumption of each Farm for three years 1892-93, 1893-94 and 1894-95 are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° Under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of 30° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) Failing payment of each monthly rent on or before the 20th of the said month, the deposit made by the licensee of two months' rental shall be forfeited after adjustment of any deficits arising from resale as per condition (2) above. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the farm is held.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from Messrs. Parry and Co., who have been appointed Manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said Manufacturers for arrack supplied by them, shall be 10½ annas per gallon of 20° Under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 5—5—0 per gallon of 20° Under-proof, and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the Manufacturers, is in addition to excise duty which shall be prepaid into the local Government Treasury, as per following condition (5) at Rs. 4, before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the Manufacturers or their agent, or any person appointed by Government on this behalf, the Assistant Supervisor or other officer in charge of the Distillery or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery or Warehouse. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore District shall maintain at a place or places within his farm where it may be considered necessary by him and the Deputy Commissioner, a Depôt or Depôts to which all arrack purchased by him shall be conveyed in the first instance for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The Depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such Depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven Districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being paid by them as at present.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the liquor purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1895 in the existing Bonded Depôt in his farm or in the Farm Depôt or in his shops, paying to the old farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise Officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of Farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee

neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1895, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary.*

SALE OF SEPARATE ARRACK SHOPS FOR 1895-96.

No. 15941A—*R. F.* 210-92, *dated the* 29*th March* 189 ;

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tant amount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{3}{4}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3 shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute counterpart engagements, in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses or to execute counterpart engagements, as aforesaid, the shop or shops will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain ; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. A statement showing the details of the consumption of arrack at each shop will be shown to the intending bidders at the time of sale. The amount of rentals and consumption of each shop for 1892-93, 1893-94 and 1894-95, is specified in the appended schedule.

7. The license to be taken out under para 4 above shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1895 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and resell the shop before the last day of the month. Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee of the two months rental shall be forfeited after adjustment of any deficits arising from such resale. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the shop is held.

(3) The licensee shall purchase the arrack to be sold in his shop from Messrs. Parry and Co., who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 10½ annas per gallon of 20° Under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. REVENUE.

SALE OF TODDY VEND FARMS FOR 1895-96.

Notification No. 15931—*R. F.* 210-92, *dated* 29*th March* 1895.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Date Toddy in the various classes of farms specified in the subjoined schedule for one year beginning with 1st July 1895 and ending with 30th June 1896, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said schedule and at the Taluk Kasbas, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid farms, or should any of the present farms be unduly large, the officer conducting the sale, may revise, subdivide or otherwise re-arrange the farms subject to the approval of the Excise Commissioner.

2. The exclusive privilege above described will be put up to auction, and will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject any bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate

sum equal to three months' rent, and if he fails to do so, the deposit already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement of existing shops in each farm and the groves attached thereto will be shown to the intending bidders at the time of sale and every successful bidder will be furnished an extract from this statement showing the groves attached to his farm. The monthly rental of each farm for the years 1893-94 and 1894-95 is appended.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the exclusive privilege of manufacturing toddy from the date trees in the groves assigned to his farm; and he shall be at liberty to manufacture toddy from date, palmyra or cocoanut trees in private lands either inside or outside the limits of his farm, on separate free licenses issued under Section 5 of the Excise Act, or to buy it from other farms, under private arrangements between him and the owners of such lands or the licensees of such farms, as the case may be, the selling price of palmyra and cocoanut toddy being fixed by the Excise Commissioner from time to time.

(2) The exclusive privilege shall extend only to the sale of date, palmyra and cocoanut toddy, and shall not include the sale of bagani toddy.

(3) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895 together with the local cess of one anna on every rupee of such instalment; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent, together with local cess thereon, shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(4) Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee shall be forfeited after adjustment of any deficits arising from resale as per condition (3) above. The said deposit will be taken in adjustment of the demand for the last three months of the period for which the farm is held.

(5) The toddy shall be sold to the public at the rates prescribed by Government.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(7) The licensee shall keep true accounts of the quantity of toddy received and issued to shop-keepers. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, shall be strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending arrack in any part of the farm, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any toddy farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(11) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with permit books for the transport of toddy, which books may be purchased from local Excise officers.

(12) The farm shall not be transferable except with the permission of the Excise Commissioner.

(13) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

(14) The remaining terms and conditions shall be as set forth in the prescribed licenses.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government. When a farm is cancelled, the rent for the whole period of the farm shall become due at once; and all loss caused to Government by the cancelment or resale of the farm shall be made good by the licensee or his surety in the manner specified for resales in para 4 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other enactments or rules for the time being in force.

SALE OF ARRACK VEND FARMS FOR 1895-96.

Notification No. 15941—*R. F.* 210-92, *dated* 29*th March* 1895.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months beginning with 1st July 1895 and ending with 30th June 1896 will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the Head-quarters of the Shimoga District for that District, and at the Taluk Head-quarters in the other Districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement showing the details of consumption of Arrack in the shops of the existing farms will be shown to the intending bidders at the time of sale. The amount of rental and the consumption of each Farm for three years 1892-93, 1893-94 and 1894-95 are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° Under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of 30° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) Failing payment of each monthly rent on or before the 20th of the said month, the deposit made by the licensee of two months' rental shall be forfeited after adjustment of any deficits arising from resale as per condition (2) above. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the farm is held.

neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1895, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary.*

Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{2}{3}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3 shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute counterpart engagements, in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses or to execute counterpart engagements, as aforesaid, the shop or shops will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. A statement showing the details of the consumption of arrack at each shop will be shown to the intending bidders at the time of sale. The amount of rentals and consumption of each shop for 1892-93, 1893-94 and 1894-95, is specified in the appended schedule.

7. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and resell the shop before the last day of the month. Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee of the two months rental shall be forfeited after adjustment of any deficits arising from such resale. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the shop is held.

(3) The licensee shall purchase the arrack to be sold in his shop from Messrs. Parry and Co., who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 10½ annas per gallon of 20° Under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 5-5-0 per gallon of 20° Under-proof.

(4) The licensee of every shop in the Towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the Manufacturers and fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4 per gallon of 20° Under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a Shroff appointed on this behalf at the cost of the licensee, and located at the Bonded Depôt established for the convenience of the "separate shops," and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1895, shall be made good by him. When a farm is cancelled, the rent for the whole period of the farm shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

By order,

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement of existing shops in each farm and the groves attached thereto will be shown to the intending bidders at the time of sale and every successful bidder will be furnished an extract from this statement showing the groves attached to his farm. The monthly rental of each farm for the years 1893-94 and 1894-95 is appended.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the exclusive privilege of manufacturing toddy from the date trees in the groves assigned to his farm; and he shall be at liberty to manufacture toddy from date, palmyra or cocoanut trees in private lands either inside or outside the limits of his farm, on separate free licenses issued under Section 5 of the Excise Act, or to buy it from other farms, under private arrangements between him and the owners of such lands or the licensees of such farms, as the case may be, the selling price of palmyra and cocoanut toddy being fixed by the Excise Commissioner from time to time.

(2) The exclusive privilege shall extend only to the sale of date, palmyra and cocoanut toddy, and shall not include the sale of bagani toddy.

(3) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895 together with the local cess of one anna on every rupee of such instalment; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent, together with local cess thereon, shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(4) Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee shall be forfeited after adjustment of any deficits arising from resale as per condition (3) above. The said deposit will be taken in adjustment of the demand for the last three months of the period for which the farm is held.

(5) The toddy shall be sold to the public at the rates prescribed by Government.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(7) The licensee shall keep true accounts of the quantity of toddy received and issued to shopkeepers. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, shall be strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending arrack in any part of the farm, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any toddy farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(11) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with permit books for the transport of toddy, which books may be purchased from local Excise officers.

(12) The farm shall not be transferable except with the permission of the Excise Commissioner.

(13) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

(14) The remaining terms and conditions shall be as set forth in the prescribed licenses.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government. When a farm is cancelled, the rent for the whole period of the farm shall become due at once; and all loss caused to Government by the cancelment or resale of the farm shall be made good by the licensee or his surety in the manner specified for resales in para 4 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other enactments or rules for the time being in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary.*

SALE OF ARRACK VEND FARMS FOR 1895-96.

Notification No. 16941—*R. F.* 210-92, *dated* 29*th March* 1895.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months beginning with 1st July 1895 and ending with 30th June 1896 will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the Head-quarters of the Shimoga District for that District, and at the Taluk Head-quarters in the other Districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement showing the details of consumption of Arrack in the shops of the existing farms will be shown to the intending bidders at the time of sale. The amount of rental and the consumption of each Farm for three years 1892-93, 1893-94 and 1894-95 are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° Under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of 30° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) Failing payment of each monthly rent on or before the 20th of the said month, the deposit made by the licensee of two months' rental shall be forfeited after adjustment of any deficits arising from resale as per condition (2) above. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the farm is held.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from Messrs. Parry and Co., who have been appointed Manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said Manufacturers for arrack supplied by them, shall be 10½ annas per gallon of 20° Under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 5—5—0 per gallon of 20° Under-proof, and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the Manufacturers, is in addition to excise duty which shall be prepaid into the local Government Treasury, as per following condition (5) at Rs. 4, before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government,

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the Manufacturers or their agent, or any person appointed by Government on this behalf, the Assistant Supervisor or other officer in charge of the Distillery or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery or Warehouse. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore District shall maintain at a place or places within his farm where it may be considered necessary by him and the Deputy Commissioner, a Depôt or Depôts to which all arrack purchased by him shall be conveyed in the first instance for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The Depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such Depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven Districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being paid by them as at present.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the liquor purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1895 in the existing Bonded Depôt in his farm or in the Farm Depôt or in his shops, paying to the old farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise Officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of Farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee

neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1895, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

SALE OF SEPARATE ARRACK SHOPS FOR 1895-96.

No. 15941A—*R. F.* 210-92, *dated the* 29*th March* 1895

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{6}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3 shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute counterpart engagements, in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses or to execute counterpart engagements, as aforesaid, the shop or shops will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. A statement showing the details of the consumption of arrack at each shop will be shown to the intending bidders at the time of sale. The amount of rentals and consumption of each shop for 1892-93, 1893-94 and 1894-95, is specified in the appended schedule.

7. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and resell the shop before the last day of the month. Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee of the two months rental shall be forfeited after adjustment of any deficits arising from such resale. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the shop is held.

(3) The licensee shall purchase the arrack to be sold in his shop from Messrs. Parry and Co., who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 10½ annas per gallon of 20° Under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 5-5-0 per gallon of 20° Under-proof.

(4) The licensee of every shop in the Towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the Manufacturers and fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4 per gallon of 20° Under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a Shroff appointed on this behalf at the cost of the licensee, and located at the Bonded Depôt established for the convenience of the "separate shops," and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1895, shall be made good by him. When a farm is cancelled, the rent for the whole period of the farm shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary.*

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately twenty-five per cent of such amount into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into

the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eighth day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests; failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold Moneys due may be paid into the Treasury of the Taluk in which the Wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from the date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of Wood-yard rent; but if left in the Wood-yard longer than 90 days from date of sale, such timber or bamboos shall be charged with Wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

8. No wood can be removed from the Wood-yard till a "license to remove timber and bamboos," signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void; and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

No. 15230—R. F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of sandal-wood by public auction in Mysore have been approved by the Government of Mysore, and are published for general information:—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell forthwith all or any portion of the sandal-wood purchased by such defaulter who

shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Inspector General of Forests, of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandal-wood purchases at each Koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Koti must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the Kōti shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of Koti rent. Such wood, if left in the Kotis for more than 90 days from date of sale, shall be charged with Koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as mulva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the Koti till a "license to remove sandalwood," signed by the Forest Officer in charge shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandal-wood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

SALE OF TODDY VEND FARMS FOR 1895-96.

Notification No. 15931—*R. F.* 210-92, *dated* 29*th March* 1895.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Date Toddy in the various classes of farms specified in the subjoined schedule for one year beginning with 1st July 1895 and ending with 30th June 1896, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said schedule and at the Taluk Kasbas, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid farms, or should any of the present farms be unduly large, the officer conducting the sale, may revise, subdivide or otherwise re-arrange the farms subject to the approval of the Excise Commissioner.

2. The exclusive privilege above described will be put up to auction, and will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject any bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate

sum equal to three months' rent, and if he fails to do so, the deposit already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement of existing shops in each farm and the groves attached thereto will be shown to the intending bidders at the time of sale and every successful bidder will be furnished an extract from this statement showing the groves attached to his farm. The monthly rental of each farm for the years 1893-94 and 1894-95 is appended.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the exclusive privilege of manufacturing toddy from the date trees in the groves assigned to his farm; and he shall be at liberty to manufacture toddy from date, palmyra or cocoanut trees in private lands either inside or outside the limits of his farm, on separate free licenses issued under Section 5 of the Excise Act, or to buy it from other farms, under private arrangements between him and the owners of such lands or the licensees of such farms, as the case may be, the selling price of palmyra and cocoanut toddy being fixed by the Excise Commissioner from time to time.

(2) The exclusive privilege shall extend only to the sale of date, palmyra and cocoanut toddy, and shall not include the sale of bagani toddy.

(3) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895 together with the local cess of one anna on every rupee of such instalment; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent, together with local cess thereon, shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(4) Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee shall be forfeited after adjustment of any deficits arising from resale as per condition (3) above. The said deposit will be taken in adjustment of the demand for the last three months of the period for which the farm is held.

(5) The toddy shall be sold to the public at the rates prescribed by Government.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(7) The licensee shall keep true accounts of the quantity of toddy received and issued to shop-keepers. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, shall be strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending arrack in any part of the farm, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any toddy farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(11) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with permit books for the transport of toddy, which books may be purchased from local Excise officers.

(12) The farm shall not be transferable except with the permission of the Excise Commissioner.

(13) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

(14) The remaining terms and conditions shall be as set forth in the prescribed licenses.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government. When a farm is cancelled, the rent for the whole period of the farm shall become due at once; and all loss caused to Government by the cancelment or resale of the farm shall be made good by the licensee or his surety in the manner specified for resales in para 4 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other enactments or rules for the time being in force.

By order,

SALE OF ARRACK VEND FARMS FOR 1895-96.

131

Notification No. 15941—*R. F.* 210-92, *dated 29th March* 1895.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months beginning with 1st July 1895 and ending with 30th June 1896 will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the Head-quarters of the Shimoga District for that District, and at the Taluk Head-quarters in the other Districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement showing the details of consumption of Arrack in the shops of the existing farms will be shown to the intending bidders at the time of sale. The amount of rental and the consumption of each Farm for three years 1892-93, 1893-94 and 1894-95 are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° Under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of 30° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) Failing payment of each monthly rent on or before the 20th of the said month, the deposit made by the licensee of two months' rental shall be forfeited after adjustment of any deficits arising from resale as per condition (2) above. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the farm is held

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from Messrs. Parry and Co., who have been appointed Manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said Manufacturers for arrack supplied by them, shall be 10½ annas per gallon of 20° Under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 5—5—0 per gallon of 20° Under-proof, and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the Manufacturers, is in addition to excise duty which shall be prepaid into the local Government Treasury, as per following condition (5) at Rs. 4, before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the Manufacturers or their agent, or any person appointed by Government on this behalf, the Assistant Supervisor or other officer in charge of the Distillery or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery or Warehouse. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore District shall maintain at a place or places within his farm where it may be considered necessary by him and the Deputy Commissioner, a Depôt or Depôts to which all arrack purchased by him shall be conveyed in the first instance for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The Depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such Depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven Districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being paid by them as at present.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the liquor purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1895 in the existing Bonded Depôt in his farm or in the Farm Depôt or in his shops, paying to the old farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise Officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of Farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee

neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1895, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws for the time being in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary*

SALE OF SEPARATE ARRACK SHOPS FOR 1895-96.

No. 15941 A—*R. F.* 210-92, *dated the* 29*th March* 1895

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3 shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute counterpart engagements, in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses or to execute counterpart engagements, as aforesaid, the shop or shops will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. A statement showing the details of the consumption of arrack at each shop will be shown to the intending bidders at the time of sale. The amount of rentals and consumption of each shop for 1892-93, 1893-94 and 1894-95, is specified in the appended schedule.

7. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and resell the shop before the last day of the month. Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee of the two months rental shall be forfeited after adjustment of any deficits arising from such resale. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the shop is held.

(3) The licensee shall purchase the arrack to be sold in his shop from Messrs. Parry and Co., who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 10½ annas per gallon of 20° Under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 5-5-0 per gallon of 20° Under-proof.

(4) The licensee of every shop in the Towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the Manufacturers and fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4 per gallon of 20° Under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a Shroff appointed on this behalf at the cost of the licensee, and located at the Bonded Depôt established for the convenience of the "separate shops," and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1895, shall be made good by him. When a farm is cancelled, the rent for the whole period of the farm shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary.*

REVENUE-FOREST NOTIFICATIONS.

No. 15229—R. F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of timber and bamboos by public auction have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eighth day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests; failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from the date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of Wood-yard rent; but if left in the Wood-yard longer than 90 days from date of sale, such timber or bamboos shall be charged with Wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

8. No wood can be removed from the Wood-yard till a "license to remove timber and bamboos," signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void; and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

No. 15230—R. F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of sandal-wood by public auction in Mysore have been approved by the Government of Mysore, and are published for general information:—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell forthwith all or any portion of the sandal-wood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzúr Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzúr Treasury shall give intimation to the Inspector General of Forests, of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilised deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Kóṭhí is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzúr Treasury the balance due for their sandal-wood purchases at each Kóṭhí, and the receipt granted by the Huzúr Treasury on that account shall be regarded by the Officer selling as payment The Huzúr Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Kóṭhí must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the Kóṭhí shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Kóṭhí Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of Kóṭhí rent. Such wood, if left in the Kóṭhís for more than 90 days from date of sale, shall be charged with Kóṭhí rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilṭha and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the Kóṭhí till a "license to remove sandalwood," signed by the Forest Officer in charge shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license or not returning his license on the expiration of the time allowed, shall be liable to be

dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandal-wood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

REVENUE-FOREST NOTIFICATIONS.

No. 15229—R. F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of timber and bamboos by public auction have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eighth day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests; failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from the date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of Wood-yard rent; but if left in the Wood-yard longer than 90 days from date of sale, such timber or bamboos shall be charged with Wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

8. No wood can be removed from the Wood-yard till a "license to remove timber and bamboos," signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void; and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

No. 15230—R F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of sandal-wood by public auction in Mysore have been approved by the Government of Mysore, and are published for general information:—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell forthwith all or any portion of the sandal-wood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzúr Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzúr Treasury shall give intimation to the Inspector General of Forests, of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilised deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale, failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Kóṭhí is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzúr Treasury the balance due for their sandal-wood purchases at each Kóthí, and the receipt granted by the Huzúr Treasury on that account shall be regarded by the Officer selling as payment The Huzúr Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Kóṭhí must be completed within three months from the date of sale. When weighing, should any surplus be found, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the Kóṭhí shall be borne by the purchaser. Nothing shall prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Kóṭhí Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within 90 days from date of sale without payment of Kóthí rent. Such wood, if left in the Kóṭhís for more than 90 days from date of sale, shall be charged with Kóṭhí rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chiltha and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the Kóṭhí till a "license to remove sandalwood," signed by the Forest Officer in charge shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license or not returning his license on the expiration of the time allowed, shall be liable to be

dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandal-wood can be sold by private individuals within the Mysore Territories or be moved from place to place without a license to be granted by the Forest Officer in charge of the range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

mining the officers by whom, the form in which, and the terms and conditions on and subject to which, licenses shall be granted :—

RULES.

Transport.

1. No arms, or ammunition, or Military stores shall be transported in any part of the Territories of Mysore without a license in Form I appended to these Rules. The license will be granted by the Magistrate of the District. If the articles are to be consigned to a place beyond the jurisdiction of the officer granting the license, the consent of the Magistrate of the District to which the consignment is made must be obtained before the license is issued. Such consent may be obtained by the person applying for the license, or the District Magistrate, to whom application for the license is made, may forward the proposed license to the officer whose consent is required, and on receiving a reply should either issue the license to the applicant, or inform him that his application for a license to transport arms, &c., has been refused.

2. Persons lawfully entitled to possess arms, or to go armed, are permitted to transport, in any part of the territories of Mysore, arms or ammunition in reasonable quantities for their own use. Any person abusing this exemption and transporting such articles otherwise than in reasonable quantities for his own use, will be held to have contravened this rule, and will, on conviction, become liable to the penalties under Sections 13 and 14.

3. A license to transport arms or ammunition, or military stores, is void if the consignment breaks bulk at any place short of the district for which it may be granted. A license to transport shall ordinarily not be made valid for more than twice the period actually required for the conveyance of the articles to their destination by the intended route.

4. Persons desirous of transporting arms, ammunition, or military stores must apply in writing to the officer authorized to grant transport licenses from the place of despatch. The application must specify—

(*a*)—the place to which the articles are to be transported, the route of transport, and the probable time occupied in the journey ;

(*b*)—the quantity, description, average price, and the purpose of each kind of arms or ammunition ; or

(*c*)—whether the applicant desires that the officer to whom he applies should obtain the consent of the Magistrate of the place of consignment (if the applicant has obtained such consent, the evidence of such consent must be produced).

5. Persons transporting arms, ammunition, or military stores under a license must write legibly on the cases or packages containing such articles on account of their contents.

6. Within six days of the articles reaching their destination, the consignee must deliver the transport license to the Magistrate of the District, who must satisfy himself that the articles transported to his district correspond with the entries in the pass, and that any deficiency is properly accounted for.

Manufacture and Sale.

7. Licenses to manufacture, convert, keep and sell arms or ammunition or military stores may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District. They shall be in forms II and III appended to these Rules. The fee payable in stamps shall be twenty rupees in respect of licenses to manufacture, convert and sell, and ten rupees in respect of licenses to keep and sell. Every license-holder under this rule shall keep, in such form as the Government of Mysore may from time to time direct, a record and account of all stock, and of all sales of arms and ammunition or sulphur, which he may manufacture, convert, keep or sell. He shall exhibit his stock and his record, or accounts of stock and sales to any Magistrate, or to any Police officer not below the rank of Inspector. Magistrates and all Police officers not below the rank of Inspector are hereby empowered to enter and inspect any premises within their several jurisdictions in which arms or ammunition or sulphur are manufactured, converted, kept or sold, and to examine the stock and accounts of receipts and sales of arms, ammunition and military stores. Any person licensed to sell arms and ammunition shall affix a board on a conspicuous part of his shop, or usual place of business, and shall cause to be painted thereon in large letters in English, or in Kanarese, his name and the words "licensed to manufacture," or "licensed to deal in arms, ammunition, and military stores," as the case may be. He shall also have a copy of Section 23 of the Mysore Arms Regulation posted up, in Kanarese or in English, on some conspicuous part of his usual place of business.

Possession of Arms and going armed.

8. Licenses to possess arms and ammunition in reasonable quantities and to go armed for purposes of sport, of protection, or of display, may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District in Form IV. Such licenses shall be liable to a fee of eight annas for each weapon in disarmed districts, and to a fee of four annas for each weapon in districts which have not been disarmed. Such a license will authorize the holder to carry the arms described in it on occasions when they may be reasonably required for the purposes named in the license, and shall become void after the date named therein, except when the holder is an inhabitant of the Malnad tracts, in which case it shall hold good till it is cancelled or withdrawn, subject to the payment by him of the prescribed annual fee. But the holder, unless specially authorized by the Magistrate, must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

Licenses granted under this rule shall, on countersignature by the Chief Secretary to the Government of Mysore, or other officer authorized in this regard by the Government of Mysore, be valid for all the Districts of the Territories of Mysore.

9. The Magistrate of the District or the Magistrate of the Sub-Division of a District may grant a license in Form V for a journey, specifying the direction of the journey and the period it will occupy. Such license will be valid in other jurisdictions only for such journey and for such period, and will be liable to a fee of four annas for each weapon. Holders of licenses under this rule, unless specially authorized by the officer granting the licenses, must not go armed in railway carriages, to fairs, religious processions, or other public assemblies.

10. Licenses to *possess* fire-arms or ammunition or military stores in districts which have not been disarmed may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VI without a fee. Such licenses will not authorize the holders to go armed or to carry arms.

11. Licenses to possess and carry arms and ammunition may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VII without fee, and for a term of five years, to persons who require arms for the destruction of wild animals which do injury to human beings, cattle, or crops. Such license will be valid only in or on the immediate confines of the district for which it is granted. It will be subject to the conditions that the license and the weapon it covers is shown once a year between the 15th May and the 30th June, to the nearest Magistrate; that the weapon becomes confiscated to the Government of Mysore directly it is sold or seized in execution of any debt; and that such weapon is carried only on occasions when it is to be used *bond fide* for the destruction of wild animals. Holders of licenses under this rule must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

General.

12. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; and the licenses will be issued on plain paper. But when the licenses themselves are printed on "impressed stamps," the applications may be on paper of the value hereinafter mentioned. When an application for a license is written on an "impressed stamp," and the license is refused, the value of the stamp will be refunded to the applicant.

13. Applications for licenses in respect of which no fee is leviable, or regarding licenses printed on impressed stamps on which the full fee has been paid, shall be considered to be applications within meaning of Schedule II, Article I, Clause (*a*) of "the Court Fees Act, 1870," and shall bear a Court fee stamp of one anna.

14. All licenses under Rules 8 and 10 shall expire on the 30th June of the Revenue year for which they may be issued; licenses under Rule 13 shall expire on the 30th June of the 5th Revenue year of their currency. But the currency of a license may be renewed, previous to its expiration, on payment of a second fee by the same authority that granted it.

15. All licenses shall be given and held subject to the conditions endorsed on the reverse and subject to these rules, and subject to the provisions of the Regulation. Licenses under Rules 10 and 13 may be granted, subject to the observance of a close season in the pursuit of game birds or animals that do not injure either men, or cattle, or crops. The limits of the close season will be decided by the Government of Mysore, and the condition regarding such close season, if imposed, shall be endorsed on the reverse of the license.

16. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate or by any Police Officer in charge of a Police Station, or by any Police Officer of higher rank.

17. Licenses granted for use within a district shall be written or printed in Kanarese. Licenses for use beyond the district where they may be granted shall be in English and may be in Kanarese as well.

18. A license granted under these rules will cover only the weapons or other articles and the persons named therein, unless the officer granting a license under Rule 10 or 11 deems it expedient to include the retainers of any person named in the license; in such case the entry on the face of the license shall declare how many and whose retainers are covered by the license.

19. Any officer empowered to grant a license under these rules may, at his discretion, refuse to grant, to renew, or to consent to the issue of, a license, or may refer any application for the orders of the Government of Mysore.

20. All persons exempted under Section 22 of the Regulation are entitled on application to the District Magistrate to be furnished with certificates of such exemption.

21. All Magistrates or other authorities acting under these rules will perform their duties, subject to the control of their executive superiors and of the Government of Mysore.

E. No. 55, dated the 6th April 1895

RULES FOR THE GRANTS-IN-AID OF VILLAGE INDIGENOUS AND NIGHT SCHOOLS.

The following rules relating to *Grants-in-aid* of Indigenous and Night Schools in Mysore are published for general information. The rules will come into force from 1st July 1895.

INDIGENOUS SCHOOLS.

I. The indigenous schools which exist now or which may hereafter be opened in villages for the children of all classes or of special classes, to be called Grama Pathasalas, will be registered for grants-in-aid from year to year, provided—

(1) They serve any purpose of useful secular education and have adopted the following standards of general instruction in Vernacular, Arithmetic and Geography, with or without such additional subjects as the parents of pupils may desire to adopt and are considered free from objection by the Inspecting Officer.

(2) They have maintained an average daily attendance of at least ten pupils throughout the year preceding the date of application for registration. The minimum average daily attendance required in the case of schools for guls, and for low or depressed castes shall be six.

(3) They have been open for at least 150 days in the year and for not less than four hours every day. Two days on each of which work is done for two hours will count together as one day.

(4) They are under the general supervision of a committee of the principal villagers of which the Patel and Shanbhog should be members.

(5) They keep attendance and admission registers in the form prescribed for Government schools and submit such returns as the department may call for. The correctness of the attendance register shall be certified by one member of the school committee every month.

(6) They agree to inspection by the Department.

II. The following shall be considered low or depressed castes for the purposes of these rules: the Holeyas, Madigas, Lambanis, Korachas, Koramas and Naindas.

III. Applications for registration shall be made on a printed form to the Deputy Inspector of the District in which the school is situated before the 30th June. [The last day for application is liable to alteration after 1895.]

IV. The Deputy Inspector of each District on receipt of the applications shall see which applications are admissible for registration under the conditions of Rule I. The applicants whose schools are accepted for registration shall be informed that their applications are registered. The registered applications shall be forwarded to the Education Secretary before the 15th July, with a summary showing the schools by Taluks, the average daily attendance in each, and the estimated amount of grant required for aiding each of the Grama Pathasalas in the District. In selecting schools to be inspected and aided, the Education Secretary shall give preference to those schools that are more than two miles distant from an existing Government school and are situated in comparatively backward Districts or Taluks. The managers of the selected schools shall be informed that their schools have been selected for inspection and aid.

V. The Deputy Inspector shall include for inspection the schools selected by the Education Secretary in his programme of tour for the next official year. The same schools shall be inspected in the same month every year as far as possible and the school year shall consist of the twelve months preceding the month in which the inspection takes place. The Grama Pathasalas shall be inspected without fail by the Deputy Inspector of the District or by his Assistant with the special permission of the Education Secretary. The date of inspection shall be notified to the manager and printed forms or mark lists supplied to him not less than seven days previously. The manager shall fill in the names of the pupils of each standard in the mark lists and keep them ready for the Inspecting Officer's visit. Promotions from one class to another shall be made by the Deputy Inspector.

VI. A registered school will receive an annual grant varying from Rs. 15 to Rs. 60 which latter amount will be considered the maximum grant that a Grama Pathasala can earn, provided that one-third of the pupils of each class pass under each head separately of the standard applicable to the class. The grant will be calculated roughly at the rate of Re. 1¼ per boy of an ordinary Hindu caste, Rs. 2 per Mahammadan boy, Rs. 3 per pupil of the low or depressed castes in schools exclusively maintained for such castes, Rs. 2 per pupil of the low or depressed castes attending an ordinary school maintained for other than the low or depressed castes, and Rs. 2½ per girl of any caste or race not falling under the designation of low or depressed castes. The maximum number of pupils by whom grants can be earned will be the number in average daily attendance during the previous twelve months. No pupil shall be considered to have earned a grant if he have not attended the school for at least 150 days in the previous year. No pupil shall earn a grant more than once under the same standard in successive years.

153

VII. If the attendance registers are correctly and neatly kept, a special grant up to one rupee per mensem will be sanctioned in addition to the grants mentioned in Rule VI.

VIII. The Inspecting Officer shall submit his inspection report in the prescribed form and recommend the amount of grant earned by the manager for sanction with the necessary certificates. The grant sanctioned by Government will be payable from the Local Funds at the Taluk Treasury.

IX. The teachers of Grama Pathasalas will be permitted to levy fees in money or kind.

X. mining the officers by whom, the form in which, and the terms and conditions on and subject to which, licenses shall be granted :—

RULES.

Transport.

1. No arms, or ammunition, or Military stores shall be transported in any part of the Territories of Mysore without a license in Form I appended to these Rules. The license will be granted by the Magistrate of the District. If the articles are to be consigned to a place beyond the jurisdiction of the officer granting the license, the consent of the Magistrate of the District to which the consignment is made must be obtained before the license is issued. Such consent may be obtained by the person applying for the license, or the District Magistrate, to whom application for the license is made, may forward the proposed license to the officer whose consent is required, and on receiving a reply should either issue the license to the applicant, or inform him that his application for a license to transport arms, &c., has been refused.

2. Persons lawfully entitled to possess arms, or to go armed, are permitted to transport, in any part of the territories of Mysore, arms or ammunition in reasonable quantities for their own use. Any person abusing this exemption and transporting such articles otherwise than in reasonable quantities for his own use, will be held to have contravened this rule, and will, on conviction, become liable to the penalties under Sections 13 and 14.

3. A license to transport arms or ammunition, or military stores, is void if the consignment breaks bulk at any place short of the district for which it may be granted. A license to transport shall ordinarily not be made valid for more than twice the period actually required for the conveyance of the articles to their destination by the intended route.

4. Persons desirous of transporting arms, ammunition, or military stores must apply in writing to the officer authorized to grant transport licenses from the place of despatch. The application must specify—

(*a*)—the place to which the articles are to be transported, the route of transport, and the probable time occupied in the journey ;

(*b*)—the quantity, description, average price, and the purpose of each kind of arms or ammunition ; or

(*c*)—whether the applicant desires that the officer to whom he applies should obtain the consent of the Magistrate of the place of consignment (if the applicant has obtained such consent, the evidence of such consent must be produced).

5. Persons transporting arms, ammunition, or military stores under a license must write legibly on the cases or packages containing such articles on account of their contents.

6. Within six days of the articles reaching their destination, the consignee must deliver the transport license to the Magistrate of the District, who must satisfy himself that the articles transported to his district correspond with the entries in the pass, and that any deficiency is properly accounted for.

Manufacture and Sale.

7. Licenses to manufacture, convert, keep and sell arms or ammunition or military stores may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District. They shall be in forms II and III appended to these Rules. The fee payable in stamps shall be twenty rupees in respect of licenses to manufacture, convert and sell, and ten rupees in respect of licenses to keep and sell. Every license-holder under this rule shall keep, in such form as the Government of Mysore may from time to time direct, a record and account of all stock, and of all sales of arms and ammunition or sulphur, which he may manufacture, convert, keep or sell. He shall exhibit his stock and his record, or accounts of stock and sales to any Magistrate, or to any Police officer not below the rank of Inspector. Magistrates and all Police officers not below the rank of Inspector are hereby empowered to enter and inspect any premises within their several jurisdictions in which arms or ammunition or sulphur are manufactured, converted, kept or sold, and to examine the stock and accounts of receipts and sales of arms, ammunition and military stores. Any person licensed to sell arms and ammunition shall affix a board on a conspicuous part of his shop, or usual place of business, and shall cause to be painted thereon in large letters in English, or in Kanarese, his name and the words "licensed to manufacture," or "licensed to deal in arms, ammunition, and military stores," as the case may be. He shall also have a copy of Section 23 of the Mysore Arms Regulation posted up, in Kanarese or in English, on some conspicuous part of his usual place of business.

Possession of Arms and going armed.

8. Licenses to possess arms and ammunition in reasonable quantities and to go armed for purposes of sport, of protection, or of display, may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District in Form IV. Such licenses shall be liable to a fee of eight annas for each weapon in disarmed districts, and to a fee of four annas for each weapon in districts which have not been disarmed. Such a license will authorize the holder to carry the arms described in it on occasions when they may be reasonably required for the purposes named in the license, and shall become void after the date named therein, except when the holder is an inhabitant of the Malnad tracts, in which case it shall hold good till it is cancelled or withdrawn, subject to the payment by him of the prescribed annual fee. But the holder, unless specially authorized by the Magistrate, must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

Licenses granted under this rule shall, on countersignature by the Chief Secretary to the Government of Mysore, or other officer authorized in this regard by the Government of Mysore, be valid for all the Districts of the Territories of Mysore.

9. The Magistrate of the District or the Magistrate of the Sub-Division of a District may grant a license in Form V for a journey, specifying the direction of the journey and the period it will occupy. Such license will be valid in other jurisdictions only for such journey and for such period, and will be liable to a fee of four annas for each weapon. Holders of licenses under this rule, unless specially authorized by the officer granting the licenses, must not go armed in railway carriages, to fairs, religious processions, or other public assemblies.

10. Licenses to *possess* fire-arms or ammunition or military stores in districts which have not been disarmed may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VI without a fee. Such licenses will not authorize the holders to go armed or to carry arms.

11. Licenses to possess and carry arms and ammunition may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VII without fee, and for a term of five years, to persons who require arms for the destruction of wild animals which do injury to human beings, cattle, or crops. Such license will be valid only in or on the immediate confines of the district for which it is granted. It will be subject to the conditions that the license and the weapon it covers is shown once a year between the 15th May and the 30th June, to the nearest Magistrate; that the weapon becomes confiscated to the Government of Mysore directly it is sold or seized in execution of any debt; and that such weapon is carried only on occasions when it is to be used *bonâ fide* for the destruction of wild animals. Holders of licenses under this rule must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

General.

12. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; and the licenses will be issued on plain paper. But when the licenses themselves are printed on "impressed stamps," the applications may be on paper of the value hereinafter mentioned. When an application for a license is written on an "impressed stamp," and the license is refused, the value of the stamp will be refunded to the applicant.

13. Applications for licenses in respect of which no fee is leviable, or regarding licenses printed on impressed stamps on which the full fee has been paid, shall be considered to be applications within meaning of Schedule II, Article I, Clause (*a*) of "the Court Fees Act, 1870," and shall bear a Court fee stamp of one anna.

14. All licenses under Rules 8 and 10 shall expire on the 30th June of the Revenue year for which they may be issued; licenses under Rule 13 shall expire on the 30th June of the 5th Revenue year of their currency. But the currency of a license may be renewed, previous to its expiration, on payment of a second fee by the same authority that granted it.

15. All licenses shall be given and held subject to the conditions endorsed on the reverse and subject to these rules, and subject to the provisions of the Regulation. Licenses under Rules 10 and 13 may be granted, subject to the observance of a close season in the pursuit of game birds or animals that do not injure either men, or cattle, or crops. The limits of the close season will be decided by the Government of Mysore, and the condition regarding such close season, if imposed, shall be endorsed on the reverse of the license.

16. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate or by any Police Officer in charge of a Police Station, or by any Police Officer of higher rank.

17. Licenses granted for use within a district shall be written or printed in Kanarese Licenses for use beyond the district where they may be granted shall be in English and may be in Kanarese as well.

18. A license granted under these rules will cover only the weapons or other articles and the persons named therein, unless the officer granting a license under Rule 10 or 11 deems it expedient to include the retainers of any person named in the license; in such case the entry on the face of the license shall declare how many and whose retainers are covered by the license.

19. Any officer empowered to grant a license under these rules may, at his discretion, refuse to grant, to renew, or to consent to the issue of, a license, or may refer any application for the orders of the Government of Mysore.

20. All persons exempted under Section 22 of the Regulation are entitled on application to the District Magistrate to be furnished with certificates of such exemption.

21. All Magistrates or other authorities acting under these rules will perform their duties, subject to the control of their executive superiors and of the Government of Mysore.

159

The license-holder shall keep records and accounts of all arms made or converted ; of all ammunition manufactured ; of all stock in hand, and of all sales in such form as the Government of Mysore may from time to time direct.

The license-holder shall exhibit his stock and his books of Manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector when such officer may call upon him so to do.

mining the officers by whom, the form in which, and the terms and conditions on and subject to which, licenses shall be granted :—

RULES.

Transport.

1. No arms, or ammunition, or Military stores shall be transported in any part of the Territories of Mysore without a license in Form I appended to these Rules. The license will be granted by the Magistrate of the District. If the articles are to be consigned to a place beyond the jurisdiction of the officer granting the license, the consent of the Magistrate of the District to which the consignment is made must be obtained before the license is issued. Such consent may be obtained by the person applying for the license, or the District Magistrate, to whom application for the license is made, may forward the proposed license to the officer whose consent is required, and on receiving a reply should either issue the license to the applicant, or inform him that his application for a license to transport arms, &c., has been refused.

2. Persons lawfully entitled to possess arms, or to go armed, are permitted to transport, in any part of the territories of Mysore, arms or ammunition in reasonable quantities for their own use. Any person abusing this exemption and transporting such articles otherwise than in reasonable quantities for his own use, will be held to have contravened this rule, and will, on conviction, become liable to the penalties under Sections 13 and 14.

3. A license to transport arms or ammunition, or military stores, is void if the consignment breaks bulk at any place short of the district for which it may be granted. A license to transport shall ordinarily not be made valid for more than twice the period actually required for the conveyance of the articles to their destination by the intended route.

4. Persons desirous of transporting arms, ammunition, or military stores must apply in writing to the officer authorized to grant transport licenses from the place of despatch. The application must specify—

(*a*)—the place to which the articles are to be transported, the route of transport, and the probable time occupied in the journey ;

(*b*)—the quantity, description, average price, and the purpose of each kind of arms or ammunition ; or

(*c*)—whether the applicant desires that the officer to whom he applies should obtain the consent of the Magistrate of the place of consignment (if the applicant has obtained such consent, the evidence of such consent must be produced).

5. Persons transporting arms, ammunition, or military stores under a license must write legibly on the cases or packages containing such articles on account of their contents.

6. Within six days of the articles reaching their destination, the consignee must deliver the transport license to the Magistrate of the District, who must satisfy himself that the articles transported to his district correspond with the entries in the pass, and that any deficiency is properly accounted for.

Manufacture and Sale.

7. Licenses to manufacture, convert, keep and sell arms or ammunition or military stores may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District. They shall be in forms II and III appended to these Rules. The fee payable in stamps shall be twenty rupees in respect of licenses to manufacture, convert and sell, and ten rupees in respect of licenses to keep and sell. Every license-holder under this rule shall keep, in such form as the Government of Mysore may from time to time direct, a record and account of all stock, and of all sales of arms and ammunition or sulphur, which he may manufacture, convert, keep or sell. He shall exhibit his stock and his record, or accounts of stock and sales to any Magistrate, or to any Police officer not below the rank of Inspector. Magistrates and all Police officers not below the rank of Inspector are hereby empowered to enter and inspect any premises within their several jurisdictions in which arms or ammunition or sulphur are manufactured, converted, kept or sold, and to examine the stock and accounts of receipts and sales of arms, ammunition and military stores. Any person licensed to sell arms and ammunition shall affix a board on a conspicuous part of his shop, or usual place of business, and shall cause to be painted thereon in large letters in English, or in Kanarese, his name and the words "licensed to manufacture," or "licensed to deal in arms, ammunition, and military stores," as the case may be. He shall also have a copy of Section 23 of the Mysore Arms Regulation posted up, in Kanarese or in English, on some conspicuous part of his usual place of business.

Possession of Arms and going armed.

8. Licenses to possess arms and ammunition in reasonable quantities and to go armed for purposes of sport, of protection, or of display, may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District in Form IV. Such licenses shall be liable to a fee of eight annas for each weapon in disarmed districts, and to a fee of four annas for each weapon in districts which have not been disarmed. Such a license will authorize the holder to carry the arms described in it on occasions when they may be reasonably required for the purposes named in the license, and shall become void after the date named therein, except when the holder is an inhabitant of the Malnad tracts, in which case it shall hold good till it is cancelled or withdrawn, subject to the payment by him of the prescribed annual fee. But the holder, unless specially authorized by the Magistrate, must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

Licenses granted under this rule shall, on countersignature by the Chief Secretary to the Government of Mysore, or other officer authorized in this regard by the Government of Mysore, be valid for all the Districts of the Territories of Mysore.

9. The Magistrate of the District or the Magistrate of the Sub-Division of a District may grant a license in Form V for a journey, specifying the direction of the journey and the period it will occupy. Such license will be valid in other jurisdictions only for such journey and for such period, and will be liable to a fee of four annas for each weapon. Holders of licenses under this rule, unless specially authorized by the officer granting the licenses, must not go armed in railway carriages, to fairs, religious processions, or other public assemblies.

10. Licenses to *possess* fire-arms or ammunition or military stores in districts which have not been disarmed may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VI without a fee. Such licenses will not authorize the holders to go armed or to carry arms.

11. Licenses to possess and carry arms and ammunition may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VII without fee, and for a term of five years, to persons who require arms for the destruction of wild animals which do injury to human beings, cattle, or crops. Such license will be valid only in or on the immediate confines of the district for which it is granted. It will be subject to the conditions that the license and the weapon it covers is shown once a year between the 15th May and the 30th June, to the nearest Magistrate; that the weapon becomes confiscated to the Government of Mysore directly it is sold or seized in execution of any debt; and that such weapon is carried only on occasions when it is to be used *bonâ fide* for the destruction of wild animals. Holders of licenses under this rule must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

General.

12. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; and the licenses will be issued on plain paper. But when the licenses themselves are printed on "impressed stamps," the applications may be on paper of the value hereinafter mentioned. When an application for a license is written on an "impressed stamp," and the license is refused, the value of the stamp will be refunded to the applicant.

13. Applications for licenses in respect of which no fee is leviable, or regarding licenses printed on impressed stamps on which the full fee has been paid, shall be considered to be applications within meaning of Schedule II, Article I, Clause (*a*) of "the Court Fees Act, 1870," and shall bear a Court fee stamp of one anna.

14. All licenses under Rules 8 and 10 shall expire on the 30th June of the Revenue year for which they may be issued; licenses under Rule 13 shall expire on the 30th June of the 5th Revenue year of their currency. But the currency of a license may be renewed, previous to its expiration, on payment of a second fee by the same authority that granted it.

15. All licenses shall be given and held subject to the conditions endorsed on the reverse and subject to these rules, and subject to the provisions of the Regulation. Licenses under Rules 10 and 13 may be granted, subject to the observance of a close season in the pursuit of game birds or animals that do not injure either men, or cattle, or crops. The limits of the close season will be decided by the Government of Mysore, and the condition regarding such close season, if imposed, shall be endorsed on the reverse of the license.

16. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate or by any Police Officer in charge of a Police Station, or by any Police Officer of higher rank.

17. Licenses granted for use within a district shall be written or printed in Kanarese. Licenses for use beyond the district where they may be granted shall be in English and may be in Kanarese as well.

18. A license granted under these rules will cover only the weapons or other articles and the persons named therein, unless the officer granting a license under Rule 10 or 11 deems it expedient to include the retainers of any person named in the license; in such case the entry on the face of the license shall declare how many and whose retainers are covered by the license.

19. Any officer empowered to grant a license under these rules may, at his discretion' refuse to grant, to renew, or to consent to the issue of, a license, or may refer any application for the orders of the Government of Mysore.

20. All persons exempted under Section 22 of the Regulation are entitled on application to the District Magistrate to be furnished with certificates of such exemption.

21. All Magistrates or other authorities acting under these rules will perform their duties, subject to the control of their executive superiors and of the Government of Mysore.

1. *Receipts and Disbursement account.*—The accompanying statement of receipts and disbursements (from 1st July to 31st October 1894) was read to the Board with intimation that adjustment memos for 3 months commencing from 1st August last have not been received from the Comptroller.

Resolution.—Passed and recorded.

2. *Works undertaken from Local Funds General.*—The accompanying statement showing the progress on works undertaken from Local Funds General from 1st July to 31st October 1894 was read to the Board.

Resolution.—Recorded.

3. *Sanctioned Budget for the year.*—Read Government Proceedings No. 21658-62—L. F. 231-93, dated 13th June last, sanctioning the Budget Estimates of the Board for the current year.

With reference to the observation contained in para 8 of the above, the Board observe that the increase sanctioned to the compounder of the Hassan Dispensary was on the recommendation of the Senior Surgeon, who had submitted a proposition statement in the matter. The Board recognising the necessity for the increase recommended, have sanctioned the same and resolved that Government be requested to pass the same.

4. *Cart stand at Arsikere.*—Read Govvernment Proceedings No. 4603—L. F. 257-93, dated 14th September last, in the matter of constructing a cart-stand at Arsikere.

Resolution.—The Board considering the want of a cart-stand at the place, resolved to allot funds from the balance at the credit of Board, on condition of the Arsikere Municipality undertaking to maintain the same, taking the proceeds from the manure fees from carts. &c.

5. Read Government Proceedings No. 1-9—L. F. 88-93, dated 4th October last, sanctioning a grant of Rs. 8,000 out of Local Funds General for works of public utility.

The President informed the Board that the grant above alluded to is not sufficient even to meet the outlay on the incomplete works on hand and that therefore the Goverument has been requested to enhance the grant.

Resolution.—The Board resolved to await the additional grant.

6. *Yeslur-Changadihalli road.*—Read Chief Engineer's letter No. 4644, dated 7th September last, returning the estimate submitted by the Executive Engineer for opening this road.

The Board consider the necessity of making this road as pressing as it connects two important roads, and as there is more traffic all round the year than a track could stand.

Resolution.—The Board resolved to respectfully move the Chief Engineer to kindly sanction the estimate as the Board is in a position to allot funds for its maintenance which may not be more than a couple of hundred rupees, the distance being only 4 miles.

7. *Wonagur-Mallipatna road.*—Read Chief Engineer's Memo No. 5126, dated 7th October last, forwarding copy of letter No. 538—14-94, dated 3rd October 1894, from the Secretary to the Chief Commissioner of Coorg, Public Works Department, intimating that the Coorg administration cannot, at present, undertake the construction of this road.

Mr. Nagavkar suggested that in case toll bars are put up at both ends of this road, there will be a large income from which the portion of the road in Coorg Province could also be improved by the Board, provided the Coorg authorities allow the road being opened and grant the land without any compensation. The object in making this road is, as has already been reported by him, to afford facilities for traffic on the Bisleghat road.

Resolution.—The Board observe that considering the importance of this road, provision was made in the Budget and resolved to urge the Chief Engineer again on the advisability of proposing the necessity of this road on the attention of Coorg authorities.

8. *Constructing a Musafarkhana at Alur.*—Read Executive Engineer's Docket No. 730, dated 15th September last, submitting an estimate for Rs. 3,614 for the purpose, and intimating that it cannot be built for Rs. 2,400 as resolved at the last meeting, *vide* Resolution V.

Read also observation conveyed in para 18 of Government Proceedings No. 2564-9—L. F. 27-93, dated 13th August last, on the subject. The President informed the Board that the idea in contributing Rs. 1,000 from the Municipality of Alur was the indirect increase of its revenue by the growth of the Santé, also the convenience of utilizing a portion of the building for purposes of Octroi Katte, &c., as constructing one for this purpose wholly at the cost of Municipal Funds, would be more expensive.

Resolution.—The Board resolved that the building should be constructed as it not only tends to the improvement of the Santé (shandy) held there every Wednesday, but will also be convenient for Municipal purposes. The cost of constructing the building, *viz.*, Rs. 2,614, deducting the contribution of Rs. 1,000 from the Municipality, be provided for in the Budget.

9. *Additions to the Local Fund Dispensary at Arsikere.*—Read Executive Engineer's Docket No. 781, dated 3rd ultimo, intimating that he has submitted for sanction an estimate amounting to Rs. 510 for adding 2 rooms to the Dispensary at Arsikere in compliance with the requisition of the Senior Surgeon and requesting to place $\frac{1}{3}$rd cost thereof payable by the District Fund Board towards the work.

Resolution.—The Board resolved to sanction the contribution payable pending further information from the Senior Surgeon, as regards the necessity for the additions proposed.

10. *Maintenance of the portions of District Fund roads lying within the Hassan Town Municipal limits.*—Read Executive Engineer's Docket No 818, dated 25th October last, returning the Bill for Rs. 140-3-0 on account of repairs executed to the portion of Hassan-Salgame road.

Read Chief Engineer's letter No. 99, dated 16th idem, pointing out that although the mileage grants of each of the three roads, lying within the Hassan Town Municipal limits, is less than Rs. 100, the aggregate grant being more than Rs. 100, they are to be maintained by the Municipality in accordance with the instructions conveyed in Government Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1893.

The President informed the Board after following resolution of the Municipal Board.

Read the following correspondence :—

(1) Application by Chinnappa contractor for payment of Rs. 140-3-0 for repairs executed by him for Hassan-Salgame District Fund road within the Municipal limits.

(2) Reference by the President of the Municipality to the Executive Engineer requesting payment in consequence of the re-transfer of the road for maintenance by the D. P. W.

(3) Resolution of the District Fund Board (No. XIV) of 31st January 1894, cancelling provision for contribution for this road in pursuance of Government Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1893.

(4) Read again Government order quoted above, approving of the suggestion of the Chief Engineer that in all cases in which the total amount at the disposal of any Municipality under each Fund is less than Rs. 100, those Provincial and District Fund roads the maintenance grants for which are less than Rs. 100, should be retained by the D. P. W., as the Municipality will not be able to maintain them properly with such small grants.

(5) Read Chief Engineer's letter No. 99—Camp, dated 16th October 1894, pointing out that the roads in question should be maintained by the Municipality, as the total contribution payable to that Municipality from District Funds amounts to more than Rs. 100.

Resolved that the claim be referred to the District Fund Board for adjustment as no contribution has been received.

Resolved also that according to the construction of the Chief Engineer, of Government order referred to, the charge of this road and also of Hassan-Yelwal and Hassan, Periyapatna-Cannanore roads would continue in the hands of the Municipality who would have to maintain (1) Hassan-Yelwal road 5 furlongs 165 yards (2) Hassan, Periyapatna-Cannanore road 5 furlongs and 55 yards and (3) Hassan-Salgame road 1 mile 3 furlongs and 55 yards, with a contribution of Rs. 35-15-0, Rs. 32-13-0 and Rs. 70-5-0

respectively, but this is at variance with the interpretation of the District Fund Board, in that it understood that each road with a grant of less than Rs. 100 should be retransferred for maintenance to the D. P. W. Considering the question very fully, the Board was of opinion that although the total grant is over Rs. 100, the allotment of one road being not available for another road, the Board could not possibly keep up the roads in good condition with such small grants, and that therefore the Government should be requested to relieve the Municipality from this obligation, as in every year extensive repairs are needed on account of heavy traffic passing over these roads.

Read also para 11 of Government Proceedings No. 21658-62—L. F. 231-92, dated 13th June last, approving the Board's resolution dated 31st January last in the matter. Government Proceedings above referred to was also read.

Resolution.—The Board fully considering the question resolved to pass the bill of Rs. 140-3-0 above referred to, and to make provision therefor in the reserve grant under "Repairs." As regards the general question of the maintenance of these roads, the Board concurring with the resolution of the Municipal Board, desired the President to obtain needful orders of Government in the matter.

11. *Medicines and appliances to midwives.*—Read Senior Surgeon's docket No. 65, dated 28th July last, recommending supply of certain medicines and appliances annually to midwives employed in the District at a cost of Rs. 15 per set.

Resolution.—The Board approved the proposal of the Senior Surgeon and resolved to make provision therefor from the next year.

12. *Maintenance of Musafarkhanas.*—Read Government Proceedings No. 15602-11—L. F. 322-92, dated 19th March last, ruling that the maintenance charges of Musafarkhanas should be borne by District Funds.

Read also Chief Engineer's Circular No. 93, dated 23rd October last, placing a grant of Rs. 500 at the disposal of the Deputy Commissioner from Provincial Funds under "Repairs Communications."

The President informed the Board that the grant under "Repairs Communications" is being utilized for the maintenance of the Musafarkanas in the District, in accordance with the instructions of the Chief Engineer in the matter. The President further invited the attention of the Board to Resolution XIII of the Proceedings dated 28th April last allotting Rs. 1,000 for the purpose.

Resolution.—The Board observe that there exists a difference between the two communications read above and resolved to respectfully point out to Government and to obtain definite orders in the matter.

13. *Re-appropriation of funds under original works.*—Read docket No. 874, dated 18th November 1894, from the Executive Engineer, submitting a re-appropriation statement for sanction of the Board.

Resolution.—The Board observe that a sum of Rs. 1,000 is entered against "constructing a nine-arched bridge across the Yagachi at Belur." This work having been from the commencement undertaken from the Local Fund General, the Board resolved to score out the item and desired the President to obtain grant from Local Fund General. It was further resolved that Government sanction be obtained to the grants proposed by the Executive Engineer in the re-appropriation statements.

14. *Accommodation to the Hospital Assistant at Saklespur.*—Read Senior Surgeon's docket No. 836, dated 30th August 1894, enclosing copy of Government Proceedings No. 3436-7-G. F. 427-92, dated 17th idem, conveying orders to the effect that such accommodations cannot be provided by Government. Mr C. Narayan Rao informed the Board that owing to the transfer of the Eurasian Hospital Assistant to Chikmagalur, the whole building is now available for the Dispensary and that therefore construction of in-patients' wards may not be necessary.

Resolution.—Recorded with reference to Resolution VI of the Proceedings dated 4th August last.

15. *Female Dispensary at Hassan.*—The President informed the Board that while visiting the Female Dispensary at Hassan sometime in October last, it was brought to notice that the female Hospital Assistant refuses to go and see the sick persons at their homes either in the mornings or in the evenings on the ground that she has been instructed by the Assistant Surgeon to be present at the Dispensary from 7 to 11 A.M., and from 4 to 6 P.M., and that in urgent cases she might go sending the keys to him only for half-an-hour.

After fully discussing the question, it was considered desirable in the interests of the institution opened for females and children, to show some consideration in the beginning for Gosha and other ladies unaccustomed to go out, especially on account of the Native and Muhammadan females now beginning to accostom themselves to be treated in the Hospitals and Dispensaries. It was further thought that the refusal of the Hospital Assistant to go and see them in their homes, interferes much in the way of respectable and other Gosha women getting treatments easily and that therefore the Hospital Assistant should be allowed some time in the mornings to visit.

Resolution.—The Board resolved that the Dispensary should be opened for out-patients from 8 A.M. to 11 A.M., or 11 30, if necessary, and that the Lady Hospital Assistant should go her round of visits between 7 A.M. and 8-30 A.M.

16. *Conduct of Midwife of Channarayapatna Taluk.*—The President informed the Board that the midwife of the Channarayapatna Taluk complained that she was foud fault with by the Hospital Assistant in charge of Channarayapatna Dispensary for treating a case of sickness caused by eating bad ragi.

Mr. Lakshmanasami informed the Board that although by the treatment of the midwife in the particular case there was no bad effect, yet she could not be allowed to take up such cases.

Resolution.—The Board observed that the midwife should not go beyond her legitimate functions and that this may be made known to all midwives in the District.

17. *Utilising grants under certain heads.*—The President informed the Board that out of the grants under the following sub-heads in the current year's Budget, there remain sums as noted against each for utilization on works to be undertaken now :—

18. *Wells.*—Mr. V. N. Guru Rao, Amildar of Arkalgud Taluk, brought to the notice of the Board the want of a well at Handranji as the tank is far off to the village, and stated that the villagers appear to contribute ¼ of the cost of sinking a well.

Mr. A. Krishne Ars, Amildar of Channarayapatna Taluk represented to the Board the necessity of a well in Anekere village as the villagers have to go to a long distance to the tank for water supply.

Resolution.—The Board resolved to sanction the sinking of the wells in the above villages.

19. *Anche house at Nuggehalli.*—Mr. A. Krishne Ars, Amildar, suggested that the old Anche building at Nuggehalli which is not used by the Postal Department may be converted into a Musafarkana as there is no accommodation in the place.

Resolution.—The Board approved of the proposal.

20. *Chavadi at Chamarajendrapur.*—The President informed the Board that some houses have been built at Chamarajendrapur in Channarayapatna Taluk, and a Government Chawadi is necessary to the improvement of the village.

Resolution.—The Board resolved to sanction the same and to allot funds in the next year's Budget.

21. *Presentation of Gold bangles to Belur Bridge Contractor.*—Read Executive Engineer's letter No. 867, dated 17th November 1894, requesting the presentation of the bangles sanctioned by the Dewan to the contractor who finished the construction of the Belur bridge at the sitting of the Board.

Resolution.—Recorded.

3. The ferries will be leased out for twelve months from 1st July 1895 to 30th June 1896.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid, and the collection of tolls therefor except by or on behalf of the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce before the officer conducting the sales one-fourth of the accepted bid, failing which, the lease will be re-sold at the first purchaser's risk.

6. The accepted bidder shall, within four days of the acceptance of the bid, execute, in favor of the Deputy Commissioner, a muchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said muchalika to enter into his contract. If the accepted bidder fails to execute and deliver the muchalika, the lease will be re-sold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer, or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

10. The balance of the contract amount shall be paid by the lessee to Government in nine monthly instalments commencing from July 1895, the deposit being credited to the last three "Khists." All payments shall be made in the Taluk treasuries in which the ferry lies.

11. At each ferry a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c, are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

* The collections for the first half of the year represent the revenue for 1893-94. Under the recent order of the Government, collections are to be credited at once to Municipality, and therefore the revenue for 1894-95 will be credited within the year, unlike previous years, and so in future years also.

† The probable collections during the second half year includes arrears of the first half. The demand for manure is very large, and the estimate for 1895-96 is less than the actual amount of the contract for the current year.

FINANCIAL DEPARTMENT.

Notification dated 12th February 1895.

The following notification of the Government of India, Finance and Commerce Department, is published for general information.

E. R. SUBRAYER, *Comptroller.*

No. 6318 A.

GOVERNMENT OF INDIA, FINANCE AND COMMERCE DEPARTMENT.

Accounts and Finance.—Public Debt.

Notification dated Calcutta, the 28th December 1894.

The attention of holders of Government Promissory Notes, who hold them as an investment of more or less permanence, and not for the purpose of immediate sale, is called to the advantages afforded by the system of registration in Book Debt Account.

Registration and issue of Stock Certificate.

2. Government Promissory Notes of the 3½ per cent. loans may, at the option of the holders, be registered in Book Debt Account, non-transferable stock certificates being issued in lieu.

3. Government Promissory Notes intended for conversion into Book Debt must be surrendered either at the Public Debt Office, Bank of Bengal, Madras, or Bombay, or at the Treasury at which interest is payable, together with a written application, forms of which will always be available at the Banks of Bengal, Madras and Bombay, and may be obtained through the Treasury Officer.

4. The holder will receive in exchange for the consolidated amount of such Notes a stock certificate of the loan to which the Notes appertain, or of any other loan to which he may (subject to the conditions set forth in Notification No. 5288 A., dated 19th October 1894) desire to transfer his holding.

Reconversion into Promissory Notes.

5. A holder of a stock certificate wishing to reconvert the whole or any portion of the sum it represents into Promissory Notes of the relative loan, may do so by tendering it either to the Bank of Bengal, Madras, or Bombay, or at the Treasury at which the interest is payable, endorsed thus ;—

"Received in lieu of this stock certificate Government Promissory Notes of Rs. each (together with a new stock certificate for the balance amounting to Rs.)."

But Promissory Notes can be issued only in sums of Rs. 100 or in multiples of that sum.

Sale of transfer of Stock.

6. All sales or transfers of Government stock registered in the Book Debt Account must be made in even hundreds of rupees, and by transfer to be executed in the Books of the Bank by the registered holder or his duly constituted attorney. Such transfer is exempt from stamp-duty. Deeds of Transfer forms can be obtained from the Bank of Bengal, Madras, or Bombay directly or through the Treasury Officer.

7. When the transfer has been duly executed and the original certificate lodged at the Bank, the transferee will receive a new certificate.

8. In cases where only a portion of the stock is transferred, the portion so conveyed will be noted on the back of the original certificate, and the purchaser will receive a certificate for an amount corresponding to the portion transferred.

9. Forms of Transfer and of special Powers of Attorney for effecting sales or purchases are always available at the Banks of Bengal, Madras, and Bombay on payment of a trifling fee.

Transfer to London.

10. Proprietors of stock certificates who may be desirous of transferring the whole or any portion of the amount to England can, on application, obtain from the Bank of Bengal, Madras, or Bombay a non-transferable certificate, on production of which at the Bank of England the amount of stock so advised will be registered in the name of the payee and a certificate issued for the same.

Fees.

11. No enfacement or renewal fees will be levied in respect of the issue of stock certificates; but each such certificate issued by the Bank of Bengal, Madras, or Bombay will be chargeable at the rate of one rupee for every Rs. 5,000 or part of Rs. 5,000.

12. A fee of four annas per cent is chargeable on each Note issued in lieu of a stock certificate, if the Note does not exceed Rs. 400, and of one rupee, if it exceeds that sum.

Payment of Interest.

13. Warrants for the interest due on Registered Debt may be made payable at a Public Debt Office or at any Government Treasury.

14. In the absence of any special arrangement, the interest warrant will, if payable at the Public Debt Office, be delivered, on or after due date, to the Registered Proprietor or his Agent or to the bearer of a letter from either of them on personal application for it. If it is payable at a Treasury, it will be sent to such Treasury, and will be similarly delivered by the Treasury Officer to the Registered Proprietor or his Agent or to the bearer of a letter from either of them.

15. But, if preferred, the warrant will be sent by post to the Registered Proprietor or his Agent at any address mentioned in a written application which may be made once for all, and will be acted upon until it is revoked.

16. The warrants will be paid on presentation at the Public Debt Office or the Treasury, as the case may be.

Form of Certificate.

17. The form in which stock certificates will be issued under this Notification is printed below.

18. This Notification supersedes paragraph 1 of the Notification of this Department, No. 4565 A., dated the 20th October 1893.

JUDICIAL DEPARTMENT.

The 14th February 1895.

The following Rules relating to Prisoners' Property, sanctioned by Government in their Proceedings No. 11889—J 667, dated 30th January 1895, are hereby promulgated for general information, to be substituted for the Rules contained in Section 70, page 14 of the Revised Jail Manual.

Rule 1.—Property delivered with or found on a prisoner on admission, or afterwards sent to him openly and through the Superintendent, shall be dealt with as hereunder :—

Rule 2.—If it consists of prohibited articles, such as tobacco, snuff, opium, ganja, or any other drug or liquor, it shall be destroyed.

Rule 3.—If it consists of perishable articles, it may be sold, and the proceeds dealt with under Rule 7.

Rule 4.—If, as sometimes is the case, live-stock or cumbersome articles are brought or sent to the Jail, they should be handed over to the prisoner's friends or relatives, if he so desire, or otherwise, they may be sold and the proceeds dealt with under Rule 7.

Rule 5.—The clothing of a prisoner, after having been first washed, shall be tied up in bundles, together with any other bulky non-perishable articles belonging to him. Money, jewellery, or other valuable property, shall be made up into a separate packet, which shall be sealed by the Jailor, in the presence of the Superintendent.

Provided that :—

(*a*) when the Medical Officer in charge objects to the retention of the clothing of any prisoner on sanitary grounds, or finds that any prisoner is, on admission, suffering from any infectious or contagious disease, or if the clothing is ragged or absolutely worthless, such clothing may be destroyed under the written order of the Superintendent.

(*b*) in the case of a prisoner sentenced for five years or upwards, his clothes, if of the ordinary kind, may be sold on confirmation of the sentence or expiration of the time for appeal, and the proceeds dealt with under Rule 7.

Rule 6.—Every such bundle and packet shall be labelled with the number and name of the prisoner to whom it belongs, together with the date of release. Every bundle shall be stored up in

a place appropriated for the purpose under the Jailor's charge and arranged in order according to the date of release. Packets of valuable articles shall be locked up, the key being in the Jailor's charge.

Rule 7.—An entry shall be made in the proper column of the General Convict Register, describing in detail all property thus delivered with, or found on, a prisoner on admission, or that may be received on his account. Such entry shall specify the nature of the property, the number or quantity and the approximate value of each item. If any property is sold under Rules 3, 4, or 5 (*b*) supra, the amount of the proceeds shall be entered to the prisoner's credit in the register, the actual money being dealt with under Rule 5, para 1.

Provided that the Superintendent may, at his discretion, make over money or other property belonging to a prisoner to whomsoever such prisoner may indicate, except clothing or money obtained by sale of clothing as under Rule 5 (*b*), if he will thereby, on his discharge, be unable to leave the Jail decently clad. In every case in which money or property is thus handed over to others at the prisoner's request, the signature or mark of the prisoner and the recipient thereof shall be obtained in the register and attested by the Jailor and Superintendent.

Rule 8.—On the transfer of a prisoner from one Jail to another, all property belonging to him shall be sent with him.

Rule 9.—When a prisoner is, on admission, brought before the Superintendent, it shall be his duty to see that all money, jewellery, clothing, and property brought with or found upon him, have been duly entered in the register, in the manner above provided. These entries shall be read over to the prisoner in the presence of the Superintendent, his property, at the same time, being shown to him. If the entries and articles are acknowledged to be correct, he shall be required to sign or mark the register in token thereof, and the Jailor shall also initial the entry in token of having received the property into his charge. From under-trial prisoners, all property except clothing, personal ornaments, papers and letters, shall be removed and dealt with as above. Provided that the caste threads of Brahmins or other thread-wearing castes, and the tali of a woman, shall in no case be removed.

Rule 10.—On the release of a prisoner, all property shown as his in the register shall be made over to him in the presence of the Superintendent. An entry of the delivery shall be made in the register, and the prisoner shall be required to affix his mark or signature against it, which shall be attested by the Jailor and Superintendent.

Rule 11.—In the event of the death of any prisoner in Jail, either by natural causes or under the extreme penalty of the law, all property belonging to him in custody in the Jail, shall be sent by the Superintendent to the Magistrate of the District to which the deceased belonged for disposal. The wishes expressed by any dying prisoner about his property should be mentioned to the Magistrate, in the forwarding letter, and particulars regarding the Court by which the deceased prisoner was convicted, the date of conviction, nature of sentence, &c., should be given, as will enable the Magistrate to trace his relations.

Rule 12.—(*a*) When property of released under-trial prisoners has been left unclaimed by them for a period of six months, it should be sent to the District Magistrate for being returned to the owners or their relations.

(*b*) Property, which by some accident cannot be traced to their owners, should be sent to the District Magistrate for disposal, after a period of six months.

Rule 13.—Whenever the clothing of any prisoner has been destroyed or sold under Rule 5 and the proceeds of sale are not sufficient to purchase other clothing for him to leave the Jail decently clad, he shall be provided with suitable clothing at the expense of Government.

Rule 14.—No Jail officer or other person in any way connected with the Jail shall be allowed to receive or use any article of any kind or description belonging to a prisoner, whether given to him or not, either before or after the prisoner's release.

Rule 15.—The Jailor is responsible for the property being found to tally with the entries in the register on the prisoner's leaving the Jail, and if any property is found missing, he shall be liable to reimburse the prisoner to the extent of the value of the property found missing.

Rule 16.—Property of any kind found on a prisoner, after his being searched on admission, shall be forfeited and carried to the credit of Government, but the Superintendent, with the sanction of the Inspector General of Prisons, may grant a suitable reward to the informer or other person who was instrumental in detecting the concealed property.

Rule 17.—It shall be the duty of the Superintendent of a Jail to examine half-yearly, on the 1st day of January and the 1st day of July in each year, the Property Register with the properties actually in store, and to satisfy himself as to the properties being correctly preserved for and on account of the prisoners concerned, and to report the result to the Inspector General of Prisons in such form as may be prescribed for the purpose.

No. 6318 A.

GOVERNMENT OF INDIA, FINANCE AND COMMERCE DEPARTMENT.

Accounts and Finance.—Public Debt.

Notification dated Calcutta, the 28th December 1894.

The attention of holders of Government Promissory Notes, who hold them as an investment of more or less permanence, and not for the purpose of immediate sale, is called to the advantages afforded by the system of registration in Book Debt Account.

Registration and issue of Stock Certificate.

2. Government Promissory Notes of the 3½ per cent. loans may, at the option of the holders, be registered in Book Debt Account, non-transferable stock certificates being issued in lieu.

3. Government Promissory Notes intended for conversion into Book Debt must be surrendered either at the Public Debt Office, Bank of Bengal, Madras, or Bombay, or at the Treasury at which interest is payable, together with a written application, forms of which will always be available at the Banks of Bengal, Madras, and Bombay, and may be obtained through the Treasury Officer.

4. The holder will receive in exchange for the consolidated amount of such Notes a stock certificate of the loan to which the Notes appertain, or of any other loan to which he may (subject to the conditions set forth in Notification No. 5288 A., dated 19th October 1894) desire to transfer his holding.

Reconversion into Promissory Notes.

5. A holder of a stock certificate wishing to reconvert the whole or any portion of the sum it represents into Promissory Notes of the relative loan, may do so by tendering it either to the Bank of Bengal, Madras, or Bombay, or at the Treasury at which the interest is payable, endorsed thus:—

"Received in lieu of this stock certificate Government Promissory Notes of Rs. each (together with a new stock certificate for the balance amounting to Rs.)"

But Promissory Notes can be issued only in sums of Rs. 100 or in multiples of that sum.

Sale of transfer of Stock.

6. All sales or transfers of Government stock registered in the Book Debt Account must be made in even hundreds of rupees, and by transfer to be executed in the Books of the Bank by the registered holder or his duly constituted attorney. Such transfer is exempt from stamp-duty. Deeds of Transfer forms can be obtained from the Bank of Bengal, Madras, or Bombay directly or through the Treasury Officer.

7. When the transfer has been duly executed and the original certificate lodged at the Bank, the transferee will receive a new certificate.

8. In cases where only a portion of the stock is transferred, the portion so conveyed will be noted on the back of the original certificate, and the purchaser will receive a certificate for an amount corresponding to the portion transferred.

9. Forms of Transfer and of special Powers of Attorney for effecting sales or purchases are always available at the Banks of Bengal, Madras, and Bombay on payment of a trifling fee.

Transfer to London.

10. Proprietors of stock certificates who may be desirous of transferring the whole or any portion of the amount to England can, on application, obtain from the Bank of Bengal, Madras, or Bombay a non-transferable certificate, on production of which at the Bank of England the amount of stock so advised will be registered in the name of the payee and a certificate issued for the same.

Fees.

11. No enfacement or renewal fees will be levied in respect of the issue of stock certificates; but each such certificate issued by the Bank of Bengal, Madras, or Bombay will be chargeable at the rate of one rupee for every Rs. 5,000 or part of Rs. 5,000.

12. A fee of four annas per cent is chargeable on each Note issued in lieu of a stock certificate, if the Note does not exceed Rs. 400, and of one rupee, if it exceeds that sum.

Payment of Interest.

13. Warrants for the interest due on Registered Debt may be made payable at a Public Debt Office or at any Government Treasury.

14. In the absence of any special arrangement, the interest warrant will, if payable at the Public Debt Office, be delivered, on or after due date, to the Registered Proprietor or his Agent or to the bearer of a letter from either of them on personal application for it. If it is payable at a Treasury, it will be sent to such Treasury, and will be similarly delivered by the Treasury Officer to the Registered Proprietor or his Agent or to the bearer of a letter from either of them.

15. But, if preferred, the warrant will be sent by post to the Registered Proprietor or his Agent at any address mentioned in a written application which may be made once for all, and will be acted upon until it is revoked.

16. The warrants will be paid on presentation at the Public Debt Office or the Treasury, as the case may be.

JUDICIAL DEPARTMENT.

The 14th February 1895.

The following Rules relating to Prisoners' Property, sanctioned by Government in their Proceedings No. 11889—J. 667, dated 30th January 1895, are hereby promulgated for general information, to be substituted for the Rules contained in Section 70, page 14 of the Revised Jail Manual.

Rule 1.—Property delivered with or found on a prisoner on admission, or afterwards sent to him openly and through the Superintendent, shall be dealt with as hereunder:—

Rule 2.—If it consists of prohibited articles, such as tobacco, snuff, opium, ganja, or any other drug or liquor, it shall be destroyed.

Rule 3.—If it consists of perishable articles, it may be sold, and the proceeds dealt with under Rule 7.

Rule 4.—If, as sometimes is the case, live-stock or cumbersome articles are brought or sent to the Jail, they should be handed over to the prisoner's friends or relatives, if he so desire, or otherwise, they may be sold and the proceeds dealt with under Rule 7.

Rule 5.—The clothing of a prisoner, after having been first washed, shall be tied up in bundles, together with any other bulky non-perishable articles belonging to him. Money, jewellery, or other valuable property, shall be made up in to a separate packet, which shall be sealed by the Jailor, in the presence of the Superintendent.

Provided that:—

(*a*) when the Medical Officer in charge objects to the retention of the clothing of any prisoner on sanitary grounds, or finds that any prisoner is, on admission, suffering from any infectious or contagious disease, or if the clothing is ragged or absolutely worthless, such clothing may be destroyed under the written order of the Superintendent.

(*b*) in the case of a prisoner sentenced for five years or upwards, his clothes, if of the ordinary kind, may be sold on confirmation of the sentence or expiration of the time for appeal, and the proceeds dealt with under Rule 7.

Rule 6.—Every such bundle and packet shall be labelled with the number and name of the prisoner to whom it belongs, together with the date of release. Every bundle shall be stored up in

a place appropriated for the purpose under the Jailor's charge and arranged in order according to the date of release. Packets of valuable articles shall be locked up, the key being in the Jailor's charge.

Rule 7.—An entry shall be made in the proper column of the General Convict Register, describing in detail all property thus delivered with, or found on, a prisoner on admission, or that may be received on his account. Such entry shall specify the nature of the property, the number or quantity and the approximate value of each item. If any property is sold under Rules 3, 4, or 5 (*b*) supra, the amount of the proceeds shall be entered to the prisoner's credit in the register, the actual money being dealt with under Rule 5, para 1.

Provided that the Superintendent may, at his discretion, make over money or other property belonging to a prisoner to whomsoever such prisoner may indicate, except clothing or money obtained by sale of clothing as under Rule 5 (*b*), if he will thereby, on his discharge, be unable to leave the Jail decently clad. In every case in which money or property is thus handed over to others at the prisoner's request, the signature or mark of the prisoner and the recipient thereof shall be obtained in the register and attested by the Jailor and Superintendent.

Rule 8.—On the transfer of a prisoner from one Jail to another, all property belonging to him shall be sent with him.

Rule 9.—When a prisoner is, on admission, brought before the Superintendent, it shall be his duty to see that all money, jewellery, clothing, and property brought with or found upon him, have been duly entered in the register, in the manner above provided. These entries shall be read over to the prisoner in the presence of the Superintendent, his property, at the same time, being shown to him. If the entries and articles are acknowledged to be correct, he shall be required to sign or mark the register in token thereof, and the Jailor shall also initial the entry in token of having received the property into his charge. From under-trial prisoners, all property except clothing, personal ornaments, papers and letters, shall be removed and dealt with as above. Provided that the caste threads of Brahmins or other thread-wearing castes, and the tali of a woman, shall in no case be removed.

Rule 10.—On the release of a prisoner, all property shown as his in the register shall be made over to him in the presence of the Superintendent. An entry of the delivery shall be made in the register, and the prisoner shall be required to affix his mark or signature against it, which shall be attested by the Jailor and Superintendent.

Rule 11.—In the event of the death of any prisoner in Jail, either by natural causes or under the extreme penalty of the law, all property belonging to him in custody in the Jail, shall be sent by the Superintendent to the Magistrate of the District to which the deceased belonged for disposal. The wishes expressed by any dying prisoner about his property should be mentioned to the Magistrate, in the forwarding letter, and particulars regarding the Court by which the deceased prisoner was convicted, the date of conviction, nature of sentence, &c., should be given, as will enable the Magistrate to trace his relations.

Rule 12.—(*a*) When property of released under-trial prisoners has been left unclaimed by them for a period of six months, it should be sent to the District Magistrate for being returned to the owners or their relations.

(*b*) Property, which by some accident cannot be traced to their owners, should be sent to the District Magistrate for disposal, after a period of six months.

Rule 13.—Whenever the clothing of any prisoner has been destroyed or sold under Rule 5 and the proceeds of sale are not sufficient to purchase other clothing for him to leave the Jail decently clad, he shall be provided with suitable clothing at the expense of Government.

Rule 14.—No Jail officer or other person in any way connected with the Jail shall be allowed to receive or use any article of any kind or description belonging to a prisoner, whether given to him or not, either before or after the prisoner's release.

Rule 15.—The Jailor is responsible for the property being found to tally with the entries in the register on the prisoner's leaving the Jail, and if any property is found missing, he shall be liable to reimburse the prisoner to the extent of the value of the property found missing.

Rule 16.—Property of any kind found on a prisoner, after his being searched on admission, shall be forfeited and carried to the credit of Government, but the Superintendent, with the sanction of the Inspector General of Prisons, may grant a suitable reward to the informer or other person who was instrumental in detecting the concealed property.

Rule 17.—It shall be the duty of the Superintendent of a Jail to examine half-yearly, on the 1st day of January and the 1st day of July in each year, the Property Register with the properties actually in store, and to satisfy himself as to the properties being correctly preserved for and on account of the prisoners concerned, and to report the result to the Inspector General of Prisons in such form as may be prescribed for the purpose.

FINANCIAL DEPARTMENT.

Notification dated 12th February 1895.

The following notification of the Government of India, Finance and Commerce Department, is published for general information.

E. R. SUBRAYER, *Comptroller.*

No. 6318 A.

GOVERNMENT OF INDIA, FINANCE AND COMMERCE DEPARTMENT.

Accounts and Finance.—Public Debt.

Notification dated Calcutta, the 28th December 1894.

The attention of holders of Government Promissory Notes, who hold them as an investment of more or less permanence, and not for the purpose of immediate sale, is called to the advantages afforded by the system of registration in Book Debt Account.

Registration and issue of Stock Certificate.

2. Government Promissory Notes of the 3½ per cent. loans may, at the option of the holders, be registered in Book Debt Account, non-transferable stock certificates being issued in lieu.

3. Government Promissory Notes intended for conversion into Book Debt must be surrendered either at the Public Debt Office, Bank of Bengal, Madras, or Bombay, or at the Treasury at which interest is payable, together with a written application, forms of which will always be available at the Banks of Bengal, Madras, and Bombay, and may be obtained through the Treasury Officer.

4. The holder will receive in exchange for the consolidated amount of such Notes a stock certificate of the loan to which the Notes appertain, or of any other loan to which he may (subject to the conditions set forth in Notification No. 5288 A., dated 19th October 1894) desire to transfer his holding.

Reconversion into Promissory Notes.

5. A holder of a stock certificate wishing to reconvert the whole or any portion of the sum it represents into Promissory Notes of the relative loan, may do so by tendering it either to the Bank of Bengal, Madras, or Bombay, or at the Treasury at which the interest is payable, endorsed thus :—

"Received in lieu of this stock certificate Government Promissory Notes of Rs. each (together with a new stock certificate for the balance amounting to Rs.)."

But Promissory Notes can be issued only in sums of Rs. 100 or in multiples of that sum.

Sale of transfer of Stock.

6. All sales or transfers of Government stock registered in the Book Debt Account must be made in even hundreds of rupees, and by transfer to be executed in the Books of the Bank by the registered holder or his duly constituted attorney. Such transfer is exempt from stamp-duty. Deeds of Transfer forms can be obtained from the Bank of Bengal, Madras, or Bombay directly or through the Treasury Officer.

7. When the transfer has been duly executed and the original certificate lodged at the Bank, the transferee will receive a new certificate.

8. In cases where only a portion of the stock is transferred, the portion so conveyed will be noted on the back of the original certificate, and the purchaser will receive a certificate for an amount corresponding to the portion transferred.

9. Forms of Transfer and of special Powers of Attorney for effecting sales or purchases are always available at the Banks of Bengal, Madras, and Bombay on payment of a trifling fee.

Transfer to London.

10. Proprietors of stock certificates who may be desirous of transferring the whole or any portion of the amount to England can, on application, obtain from the Bank of Bengal, Madras, or Bombay a non-transferable certificate, on production of which at the Bank of England the amount of stock so advised will be registered in the name of the payee and a certificate issued for the same.

Fees.

11. No enfacement or renewal fees will be levied in respect of the issue of stock certificates; but each such certificate issued by the Bank of Bengal, Madras, or Bombay will be chargeable at the rate of one rupee for every Rs. 5,000 or part of Rs. 5,000.

12. A fee of four annas per cent is chargeable on each Note issued in lieu of a stock certificate, if the Note does not exceed Rs. 400, and of one rupee, if it exceeds that sum.

Payment of Interest.

13. Warrants for the interest due on Registered Debt may be made payable at a Public Debt Office or at any Government Treasury.

14. In the absence of any special arrangement, the interest warrant will, if payable at the Public Debt Office, be delivered, on or after due date, to the Registered Proprietor or his Agent or to the bearer of a letter from either of them on personal application for it. If it is payable at a Treasury, it will be sent to such Treasury, and will be similarly delivered by the Treasury Officer to the Registered Proprietor or his Agent or to the bearer of a letter from either of them.

15. But, if preferred, the warrant will be sent by post to the Registered Proprietor or his Agent at any address mentioned in a written application which may be made once for all, and will be acted upon until it is revoked.

16. The warrants will be paid on presentation at the Public Debt Office or the Treasury, as the case may be.

Form of Certificate.

17. The form in which stock certificates will be issued under this Notification is printed below.

18. This Notification supersedes paragraph 1 of the Notification of this Department, No. 4565 A., dated the 20th October 1893.

JUDICIAL DEPARTMENT.

The 14*th February* 1895.

The following Rules relating to Prisoners' Property, sanctioned by Government in their Proceedings No. 11889—J. 667, dated 30th January 1895, are hereby promulgated for general information, to be substituted for the Rules contained in Section 70, page 14 of the Revised Jail Manual.

Rule 1.—Property delivered with or found on a prisoner on admission, or afterwards sent to him openly and through the Superintendent, shall be dealt with as hereunder :—

Rule 2.—If it consists of prohibited articles, such as tobacco, snuff, opium, ganja, or any other drug or liquor, it shall be destroyed.

Rule 3.—If it consists of perishable articles, it may be sold, and the proceeds dealt with under Rule 7.

Rule 4.—If, as sometimes is the case, live-stock or cumbersome articles are brought or sent to the Jail, they should be handed over to the prisoner's friends or relatives, if he so desire, or otherwise, they may be sold and the proceeds dealt with under Rule 7.

Rule 5.—The clothing of a prisoner, after having been first washed, shall be tied up in bundles, together with any other bulky non-perishable articles belonging to him. Money, jewellery, or other valuable property, shall be made up into a separate packet, which shall be sealed by the Jailor, in the presence of the Superintendent.

Provided that :—

(*a*) when the Medical Officer in charge objects to the retention of the clothing of any prisoner on sanitary grounds, or finds that any prisoner is, on admission, suffering from any infectious or contagious disease, or if the clothing is ragged or absolutely worthless, such clothing may be destroyed under the written order of the Superintendent.

(*b*) in the case of a prisoner sentenced for five years or upwards, his clothes, if of the ordinary kind, may be sold on confirmation of the sentence or expiration of the time for appeal, and the proceeds dealt with under Rule 7.

Rule 6.—Every such bundle and packet shall be labelled with the number and name of the prisoner to whom it belongs, together with the date of release. Every bundle shall be stored up in a place appropriated for the purpose under the Jailor's charge and arranged in order according to the date of release. Packets of valuable articles shall be locked up, the key being in the Jailor's charge.

Rule 7.—An entry shall be made in the proper column of the General Convict Register, describing in detail all property thus delivered with, or found on, a prisoner on admission, or that may be received on his account. Such entry shall specify the nature of the property, the number or quantity and the approximate value of each item. If any property is sold under Rules 3, 4, or 5 (*b*) supra, the amount of the proceeds shall be entered to the prisoner's credit in the register, the actual money being dealt with under Rule 5, para 1.

Provided that the Superintendent may, at his discretion, make over money or other property belonging to a prisoner to whomsoever such prisoner may indicate, except clothing or money obtained by sale of clothing as under Rule 5 (*b*), if he will thereby, on his discharge, be unable to leave the Jail decently clad. In every case in which money or property is thus handed over to others at the prisoner's request, the signature or mark of the prisoner and the recipient thereof shall be obtained in the register and attested by the Jailor and Superintendent.

Rule 8.—On the transfer of a prisoner from one Jail to another, all property belonging to him shall be sent with him.

Rule 9.—When a prisoner is, on admission, brought before the Superintendent, it shall be his duty to see that all money, jewellery, clothing, and property brought with or found upon him, have been duly entered in the register, in the manner above provided. These entries shall be read over to the prisoner in the presence of the Superintendent, his property, at the same time, being shown to him. If the entries and articles are acknowledged to be correct, he shall be required to sign or mark the register in token thereof, and the Jailor shall also initial the entry in token of having received the property into his charge. From under-trial prisoners, all property except clothing, personal ornaments, papers and letters, shall be removed and dealt with as above. Provided that the caste threads of Brahmins or other thread-wearing castes, and the tali of a woman, shall in no case be removed.

Rule 10.—On the release of a prisoner, all property shown as his in the register shall be made over to him in the presence of the Superintendent. An entry of the delivery shall be made in the register, and the prisoner shall be required to affix his mark or signature against it, which shall be attested by the Jailor and Superintendent.

Rule 11.—In the event of the death of any prisoner in Jail, either by natural causes or under the extreme penalty of the law, all property belonging to him in custody in the Jail, shall be sent by the Superintendent to the Magistrate of the District to which the deceased belonged for disposal. The wishes expressed by any dying prisoner about his property should be mentioned to the Magistrate, in the forwarding letter, and particulars regarding the Court by which the deceased prisoner was convicted, the date of conviction, nature of sentence, &c., should be given, as will enable the Magistrate to trace his relations.

Rule 12.—(*a*) When property of released under-trial prisoners has been left unclaimed by them for a period of six months, it should be sent to the District Magistrate for being returned to the owners or their relations.

(*b*) Property, which by some accident cannot be traced to their owners, should be sent to the District Magistrate for disposal, after a period of six months.

Rule 13.—Whenever the clothing of any prisoner has been destroyed or sold under Rule 5 and the proceeds of sale are not sufficient to purchase other clothing for him to leave the Jail decently clad, he shall be provided with suitable clothing at the expense of Government.

Rule 14.—No Jail officer or other person in any way connected with the Jail shall be allowed to receive or use any article of any kind or description belonging to a prisoner, whether given to him or not, either before or after the prisoner's release.

Rule 15.—The Jailor is responsible for the property being found to tally with the entries in the register on the prisoner's leaving the Jail, and if any property is found missing, he shall be liable to reimburse the prisoner to the extent of the value of the property found missing.

Rule 16.—Property of any kind found on a prisoner, after his being searched on admission, shall be forfeited and carried to the credit of Government, but the Superintendent, with the sanction of the Inspector General of Prisons, may grant a suitable reward to the informer or other person who was instrumental in detecting the concealed property.

Rule 17.—It shall be the duty of the Superintendent of a Jail to examine half-yearly, on the 1st day of January and the 1st day of July in each year, the Property Register with the properties actually in store, and to satisfy himself as to the properties being correctly preserved for and on account of the prisoners concerned, and to report the result to the Inspector General of Prisons in such form as may be prescribed for the purpose.

4. Anekal Amildar's arzi No. 494, dated 18th November 1894, regarding the proposal to fix a lamp post in front of the Police Station at Hebgodi.

5. Executive Engineer's No. 4129—1289, dated 17th October 1894 regarding the construction of a road from Bidadi to Haroballi.

The Board considers that there is no question about the utility of this road as well as its extension from Bidadi towards the Magadi road; but as funds may not be sufficient for making a road the whole length, the road may be simply aligned and culverts and Irish drains constructed wherever necessary. The Executive Engineer may be requested to estimate for these culverts and give the Board an idea of the cost as approximately as possible.

6. Making a road from Gavipuram to Dodbasavanna's temple.

As the work has already been sanctioned the Board think it is undesirable to cancel the work now. Owing to the resort of women and children to the place, the road will always be a useful one.

7. Correspondence ending with the Chief Engineer's No. 2106 of the 15th January 1895, regarding the construction of a feeder road from Devankundi Railway Station to Tirupati.

The Board are of opinion that the Amildar should confer with all the raiyats concerned and report how many village raiyats agree to the road as aligned by the Public Works Department and how many object. If only the raiyats of one or two villages object, the project cannot be given up on that account.

8. Executive Engineer's No. 6—1, dated 26th December 1894, forwarding a list of modifications required in the Budget grant for Public Works Department works.

The Board agree to grant the Rs. 6,200 applied for by the Executive Engineer out of the balance.

10. List of estimates not provided in the Budget or exceeding the Budget grant sanctioned.

The Board agree to allot Rs. 2,123 for the Revenue works in separate statement.

MYSORE CITY MUNICIPALITY.

Notice dated 18th March 1895.

The following business will be transacted at the Ordinary Meeting of the Municipal Commissioners for the City of Mysore to be held at the Town Hall on Saturday the 30th March 1895 at 8 A. M.

Subjects.

1. Consideration of the accounts of receipts and disbursements for the month of February 1895.
2. Administration Report for 1893-94, with remarks of the Commissioners.
3. Budget Estimate for 1895-96 with the recommendation of the Sub-Committee.
4. Application from M. A. Applachar, Municipal Public Works Overseer, stating that as he was promised an annual increment of Rs. 10 up to Rs. 70 with horse allowance of Rs. 15, he accepted the post in October 1892 at Rs. 50+10, but nothing was done though two years passed away and he prays that his pay may be raised to Rs. 70+15.
5. Doctor Benson's letter No. 454, dated 2nd March 1895, bringing to notice that steps should be taken to erect a suitable building at a great distance from the town for P. The Executive Engineer further brings to notice that, as the year is drawing to a close and as additional funds are required for other works, this work may be taken up next year.

Resolved that the question be deferred accordingly.

V. Read Sub-Division Officer's docket No. 215, dated 22nd November 1894, submitting an estimate amounting to Rs. 1,800 for constructing a bathing ghat at Kotagarhalli in the Chikballapur Taluk.

The Amildars of the Kolar and Mulbagal Taluks represent that the entertainment of the menial establishments above shown is absolutely necessary for the convenience of the public occupying Musafarkhanas and resorting to the bathing place.

VII. The Executive Engineer submitted a revised estimate amounting to Rs. 28,329 for opening out Chintamani-Chelur road for the approval of the Board.

Resolved that the revised estimate which was prepared in accordance with the orders of the Chief Engineer, owing to the width of the roadway being directed to be increased from 16 to 18 feet, be approved and submitted to the Chief Engineer for sanction.

VIII. The Executive Engineer brings to notice that the marginally noted estimates for repairing the third class Travellers' Bungalows have been received and that they have not yet been sanctioned for want of funds, as no provision was made for the same in the current year's District Fund Budget. He further states that the amount required for these works cannot be made available by re-appropriation and he therefore requests Board's sanction to put these works in hand, placing necessary funds at his disposal to meet the cost of these works together with a reserve grant of Rs. 500 to meet the repair estimates of the works of this nature that may be received during the remaining part of this year.

IX. The Executive Engineer submits the following estimates for approval and requests that funds to meet the cost of these works may be obtained with the sanction of Government, as the Reserve Grant sanctioned in the Budget has been expended.

		Amount of estimate.
		Rs.

X. The Executive Engineer proposes the transfer, to the District Fund Board for the use of the public as a Musafarkhana, of an Inspection Lodge built by the Department of Public Works at Hudgur in the Goribidnur Taluk, the same being no longer required by that Department for the purpose for which it was originally constructed.

Resolved that the above lodge be taken over by the Board for use as a Musafarkhana.

XI. Read extract from No. 3 Sub-Division Assistant Engineer's No. 67, dated 18th December 1894, to the address of the Executive Engineer, Kolar Division, reporting that the lodge near the Tondebhavi Railway Station is in a state of disrepair and that early steps may be taken to put the building in order.

Resolved that necessary repairs may be carried out to the building in question before the next rains and that Government be requested to sanction the cost of such repair from the General Savings of the Current year's Budget.

XII. The Executive Engineer proposed that the road leading to Antarganga be maintained as other roads in the District.

Resolved that the above proposal be approved and that the cost of such maintenance be defrayed from the District Funds.

XIII. The Executive Engineer submitted an estimate amounting to Rs. 200 for widening the Malur-Hoskote Railway feeder road on the Malur Tank Bund for the approval of the Board.

Resolved that the estimate be approved and that Government be moved to sanction the amount of this estimate from the General Savings of the Current year's Budget.

XIV. Read Government Proceedings No. 7953—L. F. 70-94, dated 20th November 1894, calling for certain particulars regarding the third class Travellers' Bungalows in this District, and enquiring why the services of Kotwals and Dandies wherever they exist in addition to sweepers, may not be dispensed with as in the case of the Chitaldroog District.

Resolved that a scavenger is absolutely necessary in every Bungalow and a similar necessity exists for the continuance of a sweeper for keeping the Bungalows clean and that a Kotwal or caretaker is required to supervise the works of these servants and for attending supplies of travellers resorting to Bungalows for halt, more especially in those cases in which the Bungalows are situated along routes of troops, and it is also further resolved that whether the Bungalows are frequently visited or not the establishment above mentioned must be maintained if the Bungalows are to be kept up and that in places where there are rarely any visitors, the Bungalows themselves might be abolished.

XV. The Budget estimates of receipts and expenditure for 1895-96, consisting of the undermentioned major items amounting in the aggregate to Rs. 1,43,067 and Rs. 1,21,020 respectively, were approved and passed by the Board.

VII. Read Government Proceedings No. 15430—L. F. 171-93, dated 16th March 1894, ordering the transfer of the Sagar-Malnad roads for completion from Provincial Funds.

The construction of the two roads noted in the margin were sanctioned in the first instance for Rs. 69,963-0-0 from District Funds. Previous to their transfer to Provincial Fund, Rs. 48,966-0-0 was expended on them and the expenditure was debited to District Fund Budget. As the closing balance for 1895-96 is estimated only Rs. 1,326-0-0 and as many important and urgent works had to be excluded from the Budget for want of funds, it is resolved that Government be solicited to transfer the outlay of Rs. 48,966-0-0 incurred in the opening of Sagar-Malnad roads under District Fund to Provincial Fund to enable the Board to undertake the undermentioned urgent works, which were provided for in 1894-95 but struck out for want of funds.

1. Avinhalli-Karur.
2. Talguppa-Aragode roads.

(1) Completing Lakshampur-Mayinkar road.
(2) Extending Anantapur-Shikarpur road.
(3) Bridging Argadahalla on Anantapur-Tirthahalli road.

1. Mr. P. Ranganna, Kadur.

A. The following orders of Government and statements were read with the results noted against each.

1. Proceedings No. 9881-4—L. F. 51-92, dated 17th December 1894, sanctioning the establishment of a Dispensary at Sringeri. — Recorded.

2. Proceedings No. 7459-61—L. F. 76-94, dated 13th November 1894, sanctioning the Chitaldroog Deputy Commissioner's proposal to entertain one care-taker for each of the 3rd class Bungalows and Musafarkhanas. — *Resolved* that the establishment for each of the 3rd class Bungalows be one Kotval and a sweeper, so that one of the two servants may always be present at the Bungalow and that a watcher be appointed for each Musafarkhana.

3. Proceedings No. 7603—L. F. 322-92, dated 15th November 1894, doing away with the services of Dandi attached to the 3rd class Bungalow at Narve. — Recorded.

4. Proceedings No. 11156-8—L. F. 374-92, dated 21st January 1895, sanctioning a further grant of Rs. 7,100 from L. F. General in addition to Rs. 5,000 already sanctioned for incomplete works under Revenue and Public Works Department agencies. — Recorded.

5. Official Memo No. 3351—L. F. 272-93, requesting to state whether the repairs to the Halalkere katte are necessary for the convenience of the inhabitants of the village. If so, whether it cannot be improved at the cost of District Funds. — It is the opinion of the Board that the money spent on this work would only be a waste, as the katte in question will not retain water all the year round and the Board therefore suggest that funds may be granted for a well if the villagers do the earthwork.

6. Statement of expenditure from District Funds and Local Funds General from 1st July to the end of December 1894 for works under Revenue and Public Works Department agencies. — Recorded with the remark that a very small amount has been spent by the Revenue Department and it is hoped that a more satisfactory expenditure will be shown in future.

7. The statement of estimated receipts from District Funds for the year 1895-96 was then read in conjunction with the statement of Civil charges and of District Fund works to be executed by Public Works Department.

1. Birur-Lingadahalli extension.
2. Chikmagalur to Gandehalli.
3. Kadur to Pura.
4. Tarikere-Kathlekan to pass over the bed of Dalavnikere.
5. Dantermakki-Hiremagalur road.

1. The statement of works "Repairs" costing Rs. 23,555 prepared and placed by the Executive Engineer was read in detail and approved of by the Board.

2. Several new roads (noted in the margin) proposed by the Executive Engineer and other members were approved of by the Board as all of them are important and necessary works. But the Board observing that the amount available for expenditure is quite inadequate to cover the

cost of all the above works, resolved that Rs. 525 and Rs. 250 be granted for works Nos. 4 and 5 respectively and the rest be kept for consideration when funds become available.

After some discussion as to the advisability of reducing civil charges, a sum of Rs 21,228 was allotted as per list attached.

B. The undermentioned works proposed by the Amildars and other members were then read and considered.

The Board having heard all the proposals, rejected most of them, though important, for want of funds and approved of the following :—

(*a*) Proposed by the Amildar of Tarikere.

1. Deepening Honda at Kuntanamadu.
2. Repairing katte in Kudlur.
3. Repairing katte in Kallenahalli.
4. Raising the anikat across Lingadahalli Rekkinahalla.
5. Road from Ajjampur to Channagiri *vid* Bukkambudhi.
6. Branch road from Kesarkoppa to Sompur.

Resolved that Rs. 450 be granted for a well at Kuntanamadu instead of deepening the Honda, No. 1.

(*b*) Proposed by the Amildar of Kadur.

1. Chavadi at the eastern end of Kadur Town.
2. Stone-lining a well at Niduvalli.
3. Stone-lining 4 other wells in Kadur Taluk.
4. Filling up Sakrepatna Honda.
5. Bathing ghat at Sakrepatna.
6. Musafarkhana at Birur.
7. Repairing Chavadi at Nidaghatta.

Resolved that Rs. 254 be granted for a well at Niduvalli.

(*c*) Proposed by the Amildar of Mudgere.

1. Repairing roads in Mudgere Town.
2. Chavadi at Mudgere.
3. Wards for sick strangers.
4. Wells in Gonibid and Kalasa.
5. Extension of Mangalore-Bangadi road *vid*, Samse.

Resolved that the cost of repairing roads in Mudgere Town be met from the sum allotted for sanitation.

(*d*) Proposed by the Amildar of Koppa.

1. Bathing ghat at Hariharpur.
2. Market at Koppa.
3. Road from Kulur to Huligaradi.
4. Sankas or wooden bridges across streams.
5. Musafarkhana at Hariharpur.
6. Bridge across Magarhakkahalla in Yedahalli Sub-Taluk.

Resolved that Rs. 300 be granted for work No. 1, Bathing ghat at Hariharpur.

Work No. 6 being beyond the means at the disposal of District Funds, resolved that it cannot be undertaken.

(*e*) Proposed by the Amildar of Chikmagalur.

1. Sinking a well at Hosahalli.
2. Repairing Magadi-Mirle road.
3. Road from Hirekolale to Uppahalli.

Resolved that Rs. 350 be allotted for work No. 1, the villagers being required to do the earthwork.

Resolved that Rs. 50 be granted for work No. 2 as the road is reported to be in an almost impassable state.

The Amildars have addressed the Board the difficulty of procuring the services of sweepers for Rs. 4 and 5 a month.

Resolved by the Board that as permanent hands cannot be obtained for this small pay, it would be better to allot a certain lump sum to each Taluk so that the Amildars may employ a gang of coolies whenever necessary to clear up villages.

Proposed to build a Dispensary at Balur.

Resolved that as the Dispensary is for the benefit of the planters and their coolies entirely, it cannot be built and maintained by District Funds unless an annual subscription is promised by planters as in the case of Sollebail.

Proposed by Mr. Ganesh Rao, that Government be requested to grant Rs. 20,000 from Local Fund General for this District during 1895-96 for new roads and well works left unprovided from District Funds.

As the estimated receipts under District Funds for 1895-96 is quite insufficient to meet the numerous demands, it was unanimously resolved that a liberal grant be asked for from Local Fund General for that year.

Subjoined is the abstract of estimated Receipts and Expenditure for 1895-96 as shown in the detailed statements accompanying the Proceedings ;—

Ex-Officio Members Absent.

Civil Surgeon of Mysore.

The Meeting of the Board was convened in order to consider and prepare the Budget Estimates of Receipts and Expenditure under District Funds for the year 1895-96.

2. *Estimated Receipts.—One anna on Land Revenue.* The estimated receipts of the seventy-six per cent of one anna cess creditable to District Funds for the year 1895-96 is Rs. 39,800, while that of the year 1894-95 is Rs. 39,156. There is an increase of Rs. 644 in the estimates for 1895-96. This increase is based in the actual receipts of the year 1893-94.

3. The estimates under other items are also based on the actual receipts of the year 1893-94. The difference being little under each item, calls for no remarks.

4. The total estimated receipts under the several heads comes to Rs. 41,910 and the assets including the probable opening balance on the 1st of July 1895 which is Rs. 10,066 are Rs. 51,976.

5. From the above it will be observed that there is a decrease of Rs. 3,068 in the estimated funds at the credit of the Board at the beginning of next year compared with those of the current year. This decrease is mainly due to the fact that there will be decrease in the opening balance.

6. *Estimated Expenditure.*—The Board then began to consider the items for which the funds will be required for the year under consideration.

7. In connection with the estimated expenditure, the President pointed out to the Board at the outset that considering the funds at the credit of the Board and the necessity of providing for the annual repairs of works that have been completed in the previous year, provision should be made only for such works that will remain uncompleted at the beginning of the year and as well for works that are urgently and most necessarily needed. The Board approved of the proposal and in accordance with it, rejected several of the works proposed to be undertaken during the year.

8. Original works to be undertaken by the Public Works Department.

Under the above head only Rs. 4,000 have been provided for, to be spent during the year. The works proposed are detailed in enclosure B.

9. Of the four works proposed only one—opening out road from Bommanahalli to Bellur in the Nagamangala Taluk is new and the remaining three are works that have been undertaken during the previous year.

10. No amount has been provided for works to be undertaken by Revenue officers during the year.

11. The main cause for not providing anything for original works is the want of sufficient funds. The other cause is that sufficient original are being undertaken every year out of the provision of Local Funds General. For these reasons provision has been made only for repairs of roads and wells as particularized in Statement C.

12. Repairs to be executed by Public Works Department.

The Statement C shows the works proposed to be maintained during the year. Among the works to be executed by Public Works Department is included one new work and this is repair of nine miles Mandya-Basaral road in the Nagamangala Taluk and the rest are as usual to be maintained.

A sum of Rs. 2,000 has been allowed towards the special repairs to French Rocks Station Nelligere road. The traffic on this road is heavy and the bridges and drains are in bad condition. Hence this special provision.

13. A sum of Rs. 840 has been provided for repairs to be undertaken by Revenue officers of the 7 works proposed two namely (1) cart track from Harohalli to join Seringapatam-Channarayapatna road and (2) cart track from Belakavadi to join Maddur-Sivasamudram road. These works will be completed during the current year, *i. e.*, 1894-95 and it is necessary to maintain them every year. Hence the provision.

14. A sum of Rs. 6,400 has been provided as establishment charges under Public Works Department and Rs. 200 for tools and plant Rs. 1,000 and 160 are provided as reserve grant to meet any urgent and necessary works under Public Works Department and Revenue officers respectively. The total of the estimated expenditure under Public Works Department thus comes to Rs. 36,635.

15. *Civil Charges.*—Rupees 60 have been provided more than last year's grant under the pay of the Statistical Clerk in consideration of the work that is demanded from him. The non-official members who do not understand the English Language requested that the Proceedings of the Board should be prepared in Kanarese and circulated among them for information. The practice hitherto in vogue is that printed English copies of the Proceedings are forwarded to them when received. The members being ignorant of the language complain that sending such copies to them is next to useless. This translation of the proceedings into Kanarese is an additional work to the clerk who is already deputed to do the Local Fund work and Marahamat work for which there is no separate hand in the office. The members approved of the increase of pay to the clerk from Rs. 20 to Rs. 25. Hence the increase. A further sum of Rs. 50 has been provided for the furniture required for the Statistical Clerk. This is necessary, as the clerk has to maintain several Registers and files connected with the District Fund Accounts and nothing has been provided in this shape since the formation of a separate Department in this office.

16. There is an increase of Rs. 45 over the Budget grants of last year under the head IV salary of midwives. This is due to the employment of two midwives one at Nagamangala the other at Malvalli from the month of October 1894.

17. As per Government Proceedings No. 15602-11—L. F. 322-92, dated 19th March 1894, ordering that the charges of the 3rd Class Travellers' Bungalows should be debited to District Funds, a provision of Rs. 120 more than last year's grant has been made to meet the charges.

18. Under the head VI conservancy, a provision of Rs. 60 has been made for the pay of a watchman to be employed at Paschimavahini as recommended by the Deputy Commissioner in his Memo No. a copy of which is herewith forwarded for information.

19. A provision of Rs. 400 is made for urgent repairs of Travellers' Bungalows during the year as there is no fund to spare towards the cost of Dispensary buildings nothing has been provided under the item.

20. The other charges being the same as last year's grant, call for no remark.

21. The total expenditure as estimated comes up to Rs. 47,595 leaving a balance of Rs. 4,331 at the end of the year under report.

22. Though the above sum is very little, the Board could not reduce the expenditure to increase the balance any further.

Resolved that the Sub-Committee Report be approved and the Budget submitted to the Government for sanction.

4. Application from M. A. Resolved that it be adjourned to the next meeting.

5. Doctor Benson's letter No. 454, dated 2nd March 1895, bringing to notice that steps should be taken to erect a suitable building at no very great distance from the town for P. M. Resolved that Doctor Benson's docket may be forwarded to the Government for early consideration along with the letter No. 219, dated 8th October 1894, written by the President to the Chief Secretary.

6. Proposal by Doctor Benson, "that the town of Mysore is in urgent need of a poor-house and ward for incurables, as at present the Civil Hospital wards are more or less filled with people who are destitute and who require food rather than medical attendance."
Resolved that it be adjourned and the Civil Surgeon be requested to furnish further information as to the necessity that exists for establishing a poor-house in the City.

It is noted that the cost above referred to is the ⅓rd cost of articles required for 6 Dispensaries and full cost of 2 Dispensaries.

V. *Compound wall to the Dispensary at Arkalgud.*—Read Executive Engineer's docket No. 903, dated 26th November last, forwarding correspondence between himself and the Civil Surgeon of the Kadur District, in the matter of constructing compound wall round the Local Fund Dispensary at Arkalgud and enquiring whether funds could be made available in the current year.

The estimate submitted by the Executive Engineer provided for mud compound wall. Mr. Nagavkar informed the Board that brick in chunam compound wall would be costly. A mud compound wall being unsuitable for a semi-Malnad place like Arkalgud, the question whether a live hedge would answer was considered. Mr. V. N. Guru Rao, Amildar, informed the Board that a hedge planted before failed, the soil being stony.

Resolution.—As funds could not at present be provided for a pakka compound wall, the Board resolve that rose hedge be planted in the proper season, for which a small sum may be given to the Amildar.

VI. *Raising the pay of the Compounder of the L. F. Dispensary at Belur.*—Read Assistant Surgeon's docket No. 423, dated 17th December last, giving his opinion in the matter.

The Board observed that compounders in other Dispensaries in the District were paid Rs. 7 and that watermen Rs. 2 per mensem, except at Belur, where the former was paid Rs. 6 and the latter Rs. 3. Messrs Sankaraiya and Tammaiya both informed the Board that in case the pay of the waterman was reduced it would be difficult to secure persons for the post.

Resolution.—After considering the question, the Board resolved that the pay of the waterman be reduced to Rs. 2 as in other Dispensaries and the Compounder's pay be raised to Rs. 7.

VII. *Hosur-Gonibede road.*—Read letter, dated 19th December last, from the Honorary Secretary to the South Mysore Planters' Association, reminding the Board about the opening of this road.

Mr. Nagavkar informed the Board that it was not possible to trace the full length of the line till now and that he would take early opportunity to do so.

Resolution.—The Board resolve to communicate to the Honorary Secretary, in reply to the above, that the making of this road has not been lost sight of and will be taken up at an early date. The Board further resolve that the nomenclature of the Saklespur-Areballi road, now opened out, be changed into Saklespur-Gonibede road, *viâ* Archalli.

VIII. *Re-appropriation of the grant under original works of the current year.*—Read Executive Engineer's docket No. 88, dated 9th instant, reporting that owing to the nonreceipt of sanction for certain works, the heavy grants made therefor could not be worked out before the close of the year and that therefore out of Rs. 6,000 allotted for the marginally noted works, a sum of Rs. 2,000 might be granted for the undermentioned works, as estimates therefor have already been approved and countersigned by the President, pending provision therefor to meet the outlay, the works being urgent ones.

	Rs.
1. Opening Yesalur-Changadihalli road ...	... 3,000
2. Improving and Bridging Saklespur-Areballi road	... 3,000

	Rs.
1. Constructing masonry tunnels on Channarayapatna-Sravanabelagola road	.. 800
2. Improving Iyaballi-Yeslurpet road	.. 1,200

Resolution.—Approved. The President is requested to obtain sanction to this proposal.

IX. *Budget Estimates for* 1895-96.—The usual Budget Estimates for 1895-96 were placed before the Board and explained as follows:—

(1.) "Fines for trespass and sale of stray cattle." The estimates under these heads are based upon the collections of 1893-94, although the collections during the past six months of the current year have fallen low. It may be observed that the estimates are much less than the actuals of 1893-94, the items being fluctuating ones.

(2.) *Private Contributions.*—The estimate under this head represents the contributions offered by both the European and Native Coffee Planters towards the opening of the Oosur-Gonibede road.

(3) There is an increase in the Land Revenue and consequently there is a corresponding increase in the Cess, which is less than the actuals of 1893-94.

Resolution.—The estimates be passed.

X. *Disbursements.*—The Budget Estimates of Public Works prepared by the Executive Engineer was then placed before the Board (*Vide* forms B and C attached.)

Original Works.—Out of 7 works proposed, 6 are those sanctioned in the current year's Budget and provisions made therefor are for bringing them to completion.

With regard to the last one, *viz.* improving Iyaballi-Yeslurpet road, for which a grant of Rs. 2,000 is asked for, the President informed the Board that an estimate for Rs. 5,309 submitted by the Executive Engineer was countersigned pending the approval of the Board, as the road was in need of improvement owing to the heavy traffic.

Resolution.—The Board decide to grant Rs. 25,000 for original works as budgetted for, subject to the lapse of the grants of the current year for some works, as the income including the opening balance, at the beginning of 1895-96, falls short of the grants proposed by Rs. 2,339 as explained further on. The Executive Engineer informed the Board that he expected a lapse of Rs. 5,000 in the grant for Public Works as some could not be worked out.

XI. *Annual maintenance of roads.*—Mr. Nagavkar explained to the Board that the present mileage allotments of the marginally noted roads were not sufficient to maintain them in a satisfactory manner and that therefore recommended the same to be raised.

1. Arsikere-Huliyar Road ... from Rs. 50 to 60.
2. Hassan, Periyapatna-Cannanore Road from Rs. 50 to 60.

Resolution.—Considering the necessity therefor, the Board resolve to pass the same, the additional sum thus required being Rs. 590.

XII. The provisions under "Reserve" and "Tools and Plant" were also accepted, as the Executive Engineer informed the Board that the grant under the former was necessary for carrying out Minor Works and that in every year the grant being limited to works undertaken in previous years could not be completed.

XIII. *Public Works to be executed by the Revenue Department.*—The appended form G showing the works budgetted for 1895-96 was placed before the Board, explaining that the original works, for which provision was made, had all been approved by the Board at the previous meetings. The provisions under "repairs" have been repeated as usual. As regards the establishment charges of Rs. 1,000 included, the President explained to the Board that for carrying out this and other works such as construction of repair of cattle pounds, and sanitary improvements provided under "Civil Charges,"

the services of trained subordinates of the Public Works Department have been borrowed and that the provision is to meet their salary and allowances.

Resolution.—Passed.

XIV. The Budget of Civil charges was next placed before the Board. The increases under the following heads were explained as below :—

(1) "*Hospitals and Dispensaries.*"—The grant under the head exceeds the grant of the current year by Rs. 412 on account of the following :—

	Increase.	Decrease.
	Rs	Rs.
(1) Charges of the Dispensary for women and children at Hassan ..	280	..
(2) Do for additions to Arsikere Dispensary ..	170	..
(3) Furniture for all Dispensaries	170	..
(4) Do of Konanore Dispensary	..	192
(5) Rent of Alur Dispensary	..	16
Total ..	520	208
Net increase	412	

The first four have been approved by the Board already. Omission of the 5th and 6th is due to the furniture having been prepared and the Dispensary building having been constructed.

(2) *Midwives.*—A sum of Rs. 75 on account of medicines and appliances for 5 midwives at Rs. 15 each is provided, hence the increase under the item.

(3) *Sweepers for 3rd Class Travellers' Bungalows and Musafarkhanas.*—The pay of Kotvals of these Bungalows having been charged to this Fund and a sweeper having been appointed for the Musafarkhana at Hethur, there is an increase.

XV. The total income is estimated to amount to Rs. 72,650 and the opening balance is Rs. 49,441, deducting the supplemental grant of Rs. 3,773 applied for for the current year. Thus the total amount at the disposal of the Board on 1st July 1895 would be Rs. 1,03,929 deducting the usual ¼ reserve of Rs. 18,162 from the estimated income.

The total charges as approved by the Board for 1894-95 is Rs. 1,06,568 as noted below :—

	Rs.
Public Works Budget	76,390
Do By Revenue Department	10,914
Civil Charges	19,264
Total ..	1,06,568

Thus the Budget of charges exceed the sum available by Rs. 2,639, the opening balance being assumed as Rs. 49,441 after deducting the charges in the sanctioned Budget, *viz.* Rs. 91,735 and the additional grant of Rs. 3,773 applied for. Mr. Nagavkar explained that a saving of more than Rs. 5,000 could be expected at the close of the year in the grant for Public Works. Likewise under some items in the grant under "Civil Charges."

The Board resolved to accept the excess of Rs. 2,239 pending savings as represented, which would raise the opening balance so as to cover the excess grant.

XVI. *Well at Archalli in Belur Taluk.*—Mr. Ramanujaiengar, General Assistant Commissioner, informed the Board that this well had been completed without obtaining sanction thereto and that provision therefor should be made in the Budget, as the contractor was urging for payment.

Mr. Nagavkar informed the Board that he had seen the well and that the well contained good drinking water and that the work had been fairly done.

The President informed the Board that funds could not be provided in the next year's Budget now got up owing to the insufficiency of funds for works already undertaken as had been explained above.

Resolution.—Resolve that although the work was completed without sanction, yet the necessity for the well in Archalli being unquestionable, the Contractor may be paid duly measuring the work and that the outlay thereof be debited to the savings in the grant of the current year under Local Funds General as it is likely there will be savings at the close of the year.

XVII. *Musafarkhana at Suledevanhalli between Belur and Hassan.*—Mr. Ramanujaiengar stated that the want of a Musafarkhana midway between Hassan and Belur had been already recognized and approved by the Board and that this had not yet been taken up.

Read Resolution XVII of the Board dated 3rd January 1893, arranging for the construction of Musafarkhanas in the District in the order of importance.

Resolution.—The Board observe that the Musafarkhana at Holé-Narsipur which was the 4th, was taken and completed first, although it was not so very pressing as the one at Suledevanhalli ranked first and resolve that Government be requested to kindly sanction the construction of a Musafarkhana at Suledevanhalli.

XVIII. *Musafarkhana at Tirupati.*—Mr. Venkatasubbaya, Inamdar member, proposed that a Musafarkhana at Tirupati in Arsikere Taluk be constructed as it would be useful for the pilgrims attending Sri Venkataramanaswami's temple throughout the year.

Mr. Ramanujaiengar stated that the necessity for such an accommodation was not apparent.

Resolution.—The proposition is deferred.

XIX. Read the following for the information of the Board :—

(1) Government Proceedings No. 7459-61—L. F. 76-94, dated 13th November 1894.

(2) Executive Engineer's docket No. 960, dated 13th December 1894.

Resolution.—Recorded.

6. „ Abidalli Saib.
7. „ Agali Krishnappa.

1. Read and recorded the Chief Engineer's Circular No. 17 of the 12th March 1895, stating that it is not advisable to ask for fresh roads unless they are very necessary, as the construction of regular roads involves the enhancement of the annual maintenance allowance.

2. Read the Executive Engineer's docket No. 378 of the 8th April 1895, soliciting sanction to the appropriation of Rs. 923 (out of the sum provided in the current year's District Fund Budget for the Pavagada-Roddum road) for the bridge sanctioned to be constructed near Honnenahalli on the Sira-Banavar road, as it is expected that the former work will be completed with a saving in the Estimate to the extent of that sum. Resolved that the re-appropriation applied for be recommended to Government for sanction.

3. Read the Chiknayakanhalli Amildar's report No. 698 of the 1st March 1895, suggesting the advisability of constructing a chavadi at Kaudikere. Resolved that a chavadi be built there at a cost of Rs. 400, the amount being met out of Rs. 7,000, provided in the District Fund Budget for the current year for works to be done by the revenue officers.

4. Read the Koratagere Deputy Amildar's report No 620 of the 8th March 1895, submitting an estimate for a latrine for the Musafirkhana at Holavanahalli. Resolved that the estimate be passed.

5. Read the Chiknayakanhalli Amildar's report No. 785 of the 23rd March 1895, stating that the railway feeder from the Banasandra station to Chiknayakanhalli should be metalled as there is much traffic now on it. Resolved that the road, which is 8 miles in length, be metalled at the rate of a mile a year, the cost being Rs. 1,000 per mile.

6. Unanimously resolved that the Government be earnestly asked to allow fresh water wells being sunk out of the District Funds even in Municipalities wherever the Municipal funds are too small to bear the cost. This suggestion is made as water difficulty is much felt in impecunious Municipalities.

7. Read the Maddagiri Amildar's report No. 952 of the 4th April 1895, asking for a bridge over the waste weir channel of Doddalavatta tank as the cart track to Hindupur lies that way. Resolved that instead of a bridge a road dam be built.

8. Read the Maddagiri Amildar's report No. 953 of the 4th April 1895, asking for an estimate for Rs. 231½ for constructing a bridge over the irrigation channel near Shanganahalli on the cart track to Hindupur. Resolved that the estimate be passed.

9. Read Mr. Meenakshaiya's letter of the 8th April 1895, suggesting a road from the Hirehalli Railway Station to Honnudike. Resolved that instead of a road a cart track be made from Hirehalli to Holkal at a cost of Rs. 2,000, there being a track now from Holkal on to Honnudike.

10. Read the Executive Engineer's yadi No. 376 of the 8th April 1895, sending an estimate for Rs. 2,675 for compensation to be paid for the lands taken up for the Chelur-Hagalvadi District Fund road which was constructed some time ago. Resolved that the estimate be passed, the amount being met out of Rs. 7,000 provided in the current year's District Fund Budget for works to be done by the Revenue Officers.

11. Resolved that the portion of the Tumkur-Kunigal road that goes on the Maralur Tank bund be widened where necessary (keeping the minimum width of the road at 16 feet). Resolved that the Executive Engineer be asked to prepare an estimate.

12. Read Government order No. 11190-97—L. F. 190-93 of the 22nd January 1895, calling for opinion about levying tolls on roads on which British authorities now levy the same. There are at present only two roads in this District on which tolls are now levied on the British frontier *viz.*, the Pavagada-Penakonda road and the Madaksira-Penakonda road. The former is a just made road and is not yet fully complete. Therefore the toll can only be levied on the latter at Murarayanhalli where it leaves this District, the rates and the articles subject to the levy being those adopted at the British toll gate at Penakonda. The toll to be levied on all articles coming into or going out of or

passing through the Province. The amount likely to be collected cannot now be stated with accuracy, but about Rs. 500 may be expected. The bit of this Madaksira-Penakonda road which is in this Province is about 2 miles in length and it is maintained out of the District Funds at a cost of Rs. 60 per annum. The right of levying the toll may be leased out in public auction. Resolved that this opinion of the Board be submitted to Government.

REVENUE-FOREST NOTIFICATIONS.

No. 15229—R. F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of timber and bamboos by public auction have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eighth day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests; failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from the date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of Wood-yard rent; but if left in the Wood-yard longer than 90 days from date of sale, such timber or bamboos shall be charged with Wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

8. No wood can be removed from the Wood-yard till a "license to remove timber and bamboos," signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void; and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

I. Read the Budget Estimate of Receipts under District Funds for the year 1895-96.

(1) The estimate for 1895-96 under one anna cess on Land Revenue has been calculated with reference to the Jamabandi of 1893-94 while the details of assets upon which such calculation has been made are given in enclosure A.

(2) The receipts under all other items are based upon the actuals for 1893-94 and call for no special remarks.

(3) Thus the total estimated receipts for the year 1895-96 under all heads amount to Rs 41,030 against Rs. 38,750 estimated for 1894-95.

The Board resolve that the estimate be passed.

II. (1) The opening balance at the credit of the Board is estimated at Rs. as shown hereunder .. .. Rs. 10,254

Balance on 1st July 1894 as intimated by the Comptroller in his No. 555—L. F. dated 17th September 1894		31,412
Estimated Receipts for 1894-95		38,750
Total ..		70,162
Expenditure under all heads		59,032
Estimated balance as per Proceedings of Government No. 7152-4—L. F. 234-93, dated 8th November 1894		11,130
Excess expenditure under C. V. Sweepers, &c., for Travellers' Bungalows and Musafarkhanas as proposed by the Deputy Commissioner in his No. 555—485, dated 22nd January 1895		876
Estimated balance on 1st July 1895		10,254
(2) Thus the amount available for expenditure during 1895-96 would be Rupees..		51,284

III. Read the estimate of expenditure proposed by the Executive Engineer on account of Public Works, both "original" and "repairs" to be executed by Public Works Department during 1895-96. Resolved that the same be approved with the following observations.

ORIGINAL.

(1) The improvement of the Challakere-Pavagada road has been omitted from this estimate as it is expected to be completed by the end of the year 1894-95 out of the allotments already sanctioned and of the additional appropriation applied for in this office No. 587—515, dated 7th February 1895.

(2) The fair weather road from Naikanhatti to Jagalur will also be completed before the end of the year 1894-95. No further funds being required, this work has been dropped from the estimate for 1895-96.

(3) Including the additional grant of Rs. 1,000 asked for in this office No. 587—515, dated 7th February 1895, a sum of Rs. 2,069 will have been spent on the new road from Anaji to Davangere before the close of the year 1894-95. However desirable it may be to complete this work at an early date the Board find it difficult to provide at once all the allotment required for such completion. Hence the small grant of Rs. 1,500 now proposed.

(4) For improving the Davangere-Hadadi road the amount sanctioned in the Budget for 1894-95 was Rs. 1,500. But as only Rs. 500 are expected to be worked out before the end of the year, the balance of Rs. 1,000 has been resigned as will be seen from the appropriation statement submitted to Government with the Deputy Commissioner's No. 587—515, dated 7th February 1895.

A further allotment of Rs. 500 on account of this work has therefore been entered in the Budget estimate for 1895-96. As it would be difficult to find further funds, it is hoped that this road will be made fairly trafficable throughout with the special allotments above mentioned supplemented by the annual maintenance grant.

(5) Portions of the Vizapur-Ujjano road run through black cotton soil and are in a condition the reverse of satisfactory. The Government having reduced the amount of "revenue" proposed in the Budget Estimate for 1894-95; no improvements to this road could be undertaken during the year. Hence the special provision of Rs. 1,000 now made.

(6) The Hangal-Rayadrug road is also badly in want of the special work in several places. This could not be done with the annual maintenance grant. A sum of Rs. 500 has therefore now been provided on account of such special improvements as are urgently needed.

(7) For want of funds no special provision for bridges and tunnels has now been made similar to that sanctioned for 1894-95. The Board are of opinion that all such tunnels as may be necessary should gradually be built from savings to be effected from the annual mileage grant sanctioned for the several District Fund roads concerned. The Executive Engineer has already begun to carry out this suggestion.

REPAIRS.

(1) The Chitaldroog-Benkipur road has been omitted from this estimate and the Chitaldroog-Challakere road entered in its stead (*vide* Public Works Proceedings No. 4779-807—868-96, dated 17th September 1894. The road thus newly transferred to the District Fund Board is a very important one over which strings of carts laden with supari, &c., from the Malnad, pass throughout the year. The Executive Engineer asks for an increase of Rs. 20 to the present allotment of Rs. 100 per mile. But the Board regrets its inability to comply with this request. A representation will be made to Government for a re-consideration of the order transferring the maintenance of this road to District Fund. In the meantime the allotment will continue as heretofore.

(2) The Hiriyur-Hulyar road (road No. 3) has nearly all been metalled out of savings from the maintenance allotment of past years. It has likewise been tunnelled throughout. Its future maintenance is not therefore likely to cost such a large sum as Rs. 80 per mile. In consultation with the Executive Engineer that rate has now been reduced to Rs. 60 which seems sufficient to enable the Public Works Department to maintain the road in a fairly good condition.

(3) The Hiriyur-Hosadurga road is a long and costly one. It is not sufficiently important to justify so much as Rs. 50 per mile being annually spent upon its maintenance nor is the Board in a position to continue this unecessarily large grant which therefore has now been reduced to Rs. 40.

(4) A similar proposal for reducing the allotment for the Holalkere-Hulyar road was brought under the consideration of the Board. While admitting that the preservation of this road in a state of repair need not cost the Board such a large sum as Rs. 80 per mile, the Executive Engineer is of opinion that the continuance of this liberal grant for a few years more would enable him to provide it with tunnels of small dimensions wherever required. The Board concures with him and resolves that for the present the rate should be left undisturbed.

(5) The Challakere-Pavagada road and Naikanhatti-Jagalur road which are expected to be completely opened out by the end of the year 1894-95 have now been newly brought upon the list of roads to be maintained. The annual grant proposed for this purpose is Rs. 30 per mile.

RESERVE.

(1) The repairs of 3rd Class Travellers' Bungalows having recently been transferred to the District Fund Board and a small extension of the Chitaldroog Station roads outside Municipal limits having also to be undertaken, a sum of Rs. 1,000 has been entered under "Reserve" to meet these and other unforeseen expenses.

ESTABLISHMENTS.

(1) The outlay on works to be executed by the Public Works Department having been reduced by about a third, a corresponding reduction has been made in the establishment charges.

IV. Read the list of works proposed to be executed by the Revenue Department.

Resolved that a provision of Rs. 4,680 be made as particularized below:—

		Rs.
I.	Original	1,870
II.	Repairs	2,060
III.	Establishment	200
IV.	Tools and plant	50
V.	Reserve	500
	Total ..	4,680

The works for which funds are thus provided are only a small portion of the long list of important works pressed upon the attention of the Board. The remaining works must stand over until funds become available.

V. Read the estimate of Civil Charges debitable to District Funds during the year 1895-96. Resolved that the same be passed with the following observations :—

(1) The small increase provided under "Office Establishment" is intended to meet the increase of pay sanctioned to the Local Fund Clerk last year (*vide* Proceedings of Government No. 14850-1—L. F. 111-92, dated 8th March 1894) as well as to meet the travelling allowances of himself and of the Statistical Clerk, which may probably show a slight rise.

(2) Under "Hospitals and Dispensaries" the increase provided represents partly the price of furniture to be purchased and chiefly the District Fund quota of the charges incidental to the opening of a Female Dispensary at Chitaldrug and a Local Fund Dispensary at Malebennur as sanctioned by Government in Proceedings Nos. 3983-6—L. F. 19-94 and 7558-61—L. F. 159-92, dated 7th September 1894 and 14th November 1894, respectively.

(3) Under "Midwives" the decrease proposed is due to the fact that the full complement intended for the District is not likely to become available for service during the year.

(4) The slight increase proposed under "Sweepers and Caretakers" is intended to give effect to the orders of Government conveyed in Proceedings Nos. 7459-61—L. F. 76-94 and 3619-20—L. F. 431-92, dated 13th November 1894 and 1st September 1894, respectively. It may be remarked that there is only one rest house at Kottige attached to Narayangondanahalli village and not 2 distinct and separate rest houses, one at Narayangondanahalli and the other at Kottige as mentioned in the list appended to the first of the proceedings quoted above. Rs. 24 have therefore been deducted while Rs. 36 have been added on as per sanction conveyed in the second of the above proceedings.

(5) Under "Conservancy and Sanitary charges" a considerable reduction has had to be made owing to the inadequacy of funds.

(6) Under "Contribution," a provision of Rs. 2,000 has been made for the construction of a "Town Hall" at Chitaldrug. The want of a suitable building at the Head-quarters of the District for use on occasions of public meetings, &c., has long been felt. Steps are now being taken by the people of the District to raise a memorial for the purpose of perpetuating the memory of His Late Highness Sri Chamarajendra Wadayar Bahadur, G. C. S. I. A Town Hall with a Students' Home and Industrial school attached, has been decided upon as being the fittest memorial. These are institutions of public interest and usefulness and may fairly claim the substantial sympathy of the Local Fund Board. The construction of a Town Hall from District Funds was sanctioned last year for the Kolar District (*vide* Proceedings of Government Nos. 15233-4—L. F. 110-92 and 21682-6—L. F. 227-93, dated 14th March 1894 and 13th June 1894, respectively). In the case of Chitaldrug, what is proposed to be erected is not a Town Hall alone, but also two other useful buildings in conjunction with it. The grant proposed is but a small fraction of the total cost of such project which may amount to more than Rs. 15,000. It is the unanimous opinion of all the members of the Board that the Government should be moved to kindly sanction this small contribution from District Funds.

(7) The other items involve only slight variations and do not therefore seem to call for any special remarks.

VI. Under all heads put together, the total expenditure proposed is Rs. 41,034, leaving at the close of the year a balance of Rs. 10,250 which is slightly in excess of the main balance of 25 per cent generally insisted upon by Government.

VII. Resolved that an application be made to Government for permission to levy tolls on the following District Fund roads, so as to enable the Board to augment its resources somewhat and to meet the many pressing demands which at present it finds itself unable to meet :—

(1) Hangal-Roydroog road.
(2) Vizapur-Ujjane road.
(3) Haribar-Harapanhalli road.

Note.—It is understood that the Deputy Commissioner intends making a similar recommendation as regards the Salem-Bellary road which is maintained from Provincial Funds.

VIII. Mr. Swamirayachar who represents both the Davangere Taluk and the Inamdars' interest in the whole District has again failed to attend. Not only has he thus absented from 4 consecutive meetings of the Board but he has also failed to submit the explanation already called for. His removal from the Board will be recommended to Government and early steps will be taken to nominate a proper successor and to submit his name for sanction.

Terms of sale.—Vide Rules published in the Notification hereunder :—

REVENUE-FOREST NOTIFICATIONS.

No. 15220—R. F. 155-92, DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of timber and bamboos by public auction have been approved by the Government of Mysore, and are published for general information : -

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eighth day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests; failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from the date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of Wood-yard rent; but if left in the Wood-yard longer than 90 days from date of sale, such timber or bamboos shall be charged with Wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos. The Inspector General of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

8. No wood can be removed from the Wood-yard till a "license to remove timber and bamboos," signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void; and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

EXCISE DEPARTMENT.

Notice No. 4776—77 *dated the* 14*th May* 1895.

SALE OF A COUNTRY BEER TAVERN IN THE KOLAR GOLD FIELDS FOR 1895-96.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in a tavern at the Kolar Gold Fields for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the 8th June 1895 at the Bowringpet Travellers' Bungalow, by the Deputy Commissioner, Kolar District, or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 300 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. The person whose bid is accepted, shall at once deposit a sum equal to $\frac{5}{6}$ths of a month's rent for the tavern. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same.

4. The person to whom the tavern has been knocked down, and who has made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of the tavern knocked down to him; and shall take out a license and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of the person to make the deposit or to take out the license or to execute the counterpart engagement, as aforesaid, the tavern will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed at Bangalore or Nilghiris.

(2) The amount for which the privilege has been purchased shall be payable into the Bowringpet Taluk Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on the 20th of the same month on the chellan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, Bowringpet Taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the Bowringpet Taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern in the Gold Fields, upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(6) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(7) The remaining terms and conditions shall be as set forth in the appended license.

7. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by

opening his tavern on 1st July 1895, shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

Accounts read and passed.

2. Government Proceedings No. 15829—L. F. 16-94, dated 29th March 1895, refusing to modify the Government Order declining to sanction the Board's recommendation for introducing the registration of cattle sold at the weekly market held below Jivanrayankatte.

Recorded.

3. Vice-President's memo recommending that a pony allowance of Rs. 10 per month may be granted to Water Inspector Annadore Iyer to maintain a pony as, without it, it is not possible for him to travel all over the City since the distribution of water has since been extended to Chamrajpura and Kannegaudan Koppal.

Proposition carried by a majority.

4. Application from Applachar, Municipal Public Works Overseer, stating that as he was promised an annual increment of Rs. 10 up to Rs. 70 with horse allowance of Rs. 15, he accepted the post in October 1892 at Rs. 50 plus 10, but nothing was done though two years passed away and prays that his pay may be raised to Rs. 70 plus 15.

Deferred till next Meeting.

5. Reconsideration of the Board's Proceedings (Para II) of the 30th March 1895, relating to para 14 of the draft Municipal Administration Report for 1893-94.

After some amendments had been proposed and negatived, the original resolution was cancelled and the retention of the second sentence of para 14 of the Administration Report was carried by seven against four.

6. Docket No. 670-280, dated 19th March 1895, from the Sanitary Engineer about stopping Dhobi's washing the dirty cloths in the bed of the small tank of Padavarhalli, as it causes all pollution to find its way to the Kukarhalli tank, and Mr. M. Venkata Krishnaiya's proposal for providing a separate one for the above purpose.

Resolved that there is no necessity for conserving this tank as a drinking water reservoir as the villagers do not use its water for drinking purposes and as it can never surplus into the Kukarhalli tank.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in a tavern at the Kolar Gold Fields for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the 8th June 1895 at the Bowringpet Travellers' Bungalow, by the Deputy Commissioner, Kolar District, or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 300 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. The person whose bid is accepted, shall at once deposit a sum equal to $\frac{4}{5}$ths of a month's rent for the tavern. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same.

4. The person to whom the tavern has been knocked down, and who has made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of the tavern knocked down to him; and shall take out a license and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of the person to make the deposit or to take out the license or to execute the counterpart engagement, as aforesaid, the tavern will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed at Bangalore or Nilghiris.

(2) The amount for which the privilege has been purchased shall be payable into the Bowringpet Taluk Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on the 20th of the same month on the chellan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, Bowringpet Taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the Bowringpet Taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern in the Gold Fields, upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(6) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(7) The remaining terms and conditions shall be as set forth in the appended license.

7. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by

opening his tavern on 1st July 1895, shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. Chief Engineer's Circular No. 17 dated 12th March 1895 pointing out the impolicy of multiplying the local cross roads as their maintenance will be a burden on District Funds.

B. 1. Read also Proceedings No. 15007-16—L. F. 55-93 dated 18th March 1895 passing orders on the classification of stations made by the Senior Surgeon regarding the pay of midwives.

2. Read Proceedings No. 11190-97—L. F. 190-93 dated 22nd January 1895 calling for additional information with regard to the establishment of Toll-gates on the frontier roads in the Province.

Recorded with the observation that Mudgere-Mangalore Road is the only one (in the District) leading to the British Territories, and that a Toll-gate already exists on the said road at Kotigehar within the boundary of this District. The annual revenue realised therefrom is being credited to the Provincial Funds as the road is maintained from the same.

5. Yedahalli Deputy Amildar's Itilla No. 135, dated 28th March 1895, with a copy of Municipal Board Proceedings regarding the appointment of a separate midwife for the Sub-Taluk.

Resolved that a midwife may be employed from 1st July as necessary provisions have been made in the next year's District Funds Budget.

6. Read statement showing the allotment and expenditure to the end of March 1895 in the Revenue and Public Works Departments under District Funds and Local Funds General.

Resolved that the Amildars be urged to push on with the works as the expenditure now shown is considered to be most unsatisfactory and shows want of energy on the part of the Taluk authorities.

7 Government Proceedings No. 14176—L. F. 379-92, dated 11th March 1895, requesting the submission of definite proposals with regard to the employment of professional agency at the entire disposal of the Revenue Department for getting up estimates, &c.

Resolved that the present 10% allowed for establishment charges be expended on the employment of two efficient men and that some short bye-roads be also made over by the Public Works Department to the Revenue Department for being kept up, if the present proposal is sanctioned.

8. Proposed by the Executive Engineer that as the funds available for the up-keep of the District Fund roads are found to be totally inadequate some special measures be taken regarding the same.

Resolved that the request made in the meeting held on the 29th January 1894, be repeated, *viz.*, that the six roads mentioned in the above be maintained from Provincial Funds and the District Funds thereby relieved of its charge.

9 Read letter dated 12th March 1895, from the Honorary Secretary to the North Mysore Planters' Association, asking on what terms Government would open a road from the Gubbur Estate to Balehonnur

Resolved that these repairs be carried out from Reserve Funds if available.

11 Proposed by Mr. K. Shankarappa that a chavadi be built at Mandagadde ferry on the Yedahalli side of the river.

Resolved that the ferry collections be ascertained to see if the traffic on the road is such as to necessitate the construction of a chavadi there.

2. Each bidder at the auction will deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each tavern shall at once deposit a sum equal to $\frac{5}{6}$ths of a month's rent for that tavern. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

Each month's rent shall be payable on or before the 20th of the same month on the chellan prescribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. (7) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the outgoing licensee on the 1st July 1895 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

EXCISE DEPARTMENT.

Notice No. 4920-83, *dated the* 20*th May* 1895.

SALE OF COUNTRY BEER TAVERN IN THE CITY OF BANGALORE FOR 1895-96.

1. Notice is hereby given that the exclusive privilege of selling Country Beer or Porter in each of the three taverns at the Bangalore City specified in the appended schedule for the twelve months beginning with 1st July 1895 and ending with 30th June 1896, will be put up to public auction on the 17th June 1895 in the District office, by the Deputy Commissioner, Bangalore District, or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 50 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. Each tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each tavern shall at once deposit a sum equal to ¾ths of a month's rent for that tavern. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the tavern will at once be put up again on the above conditions, and he will be debarred from bidding again for the same, or for any other tavern.

4. The persons to whom the taverns have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and second deposits, will make up an amount equal to two months' rent of each tavern knocked down to them; and shall take out licenses and execute a counterpart engagement, in the appended form, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart engagement, as aforesaid, the tavern will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. The license to be taken out under para 4 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of Country Beer or Porter brewed at Nilgiris.

(2) The amount for which the privilege has been purchased shall be payable into the Bangalore Taluk Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month on the chellan pre-

scribed for the purpose. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the lease. Failing payment by the 20th of the same month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3) The licensee shall further pay a duty of two annas for every gallon of Country Beer or Porter purchased by him.

(4) The consignment of Country Beer or Porter purchased by the licensee shall be sent direct from the Brewery to the Amildar, Bangalore Taluk. The letter of advice covering the consignment shall be in duplicate, the original being sent to the Amildar of the Bangalore Taluk, and the duplicate to the Excise Commissioner. On the duty at the above mentioned rate being paid by the licensee on the prescribed chellan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized by him on this behalf.

(5) The licensee of every tavern at the Bangalore City shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum, in advance for the period of the license for his tavern.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise Officers.

(7) The licensee shall be bound to take over any Beer or Porter which may remain as stock in hand belonging to the outgoing licensee on the 1st July 1895 in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(9) The remaining terms and conditions shall be as set forth in the appended license.

7. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1895, shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

2. Read Government Proceedings No. 11190-97—L. F. 190-93, dated 22nd January 1895, calling for additional information in regard to the establishment of Toll-gates on the frontier in the Province.

Read also Docket No. 183, dated 2nd April 1895, from the Executive Engineer, Shimoga Division, forwarding a list of stations and roads at which Toll-bars may be established.

Read also the statement marked A prepared in the President's office, containing the full information called for in para 3 of the Government order read above.

Resolved that the Government be moved to sanction the establishment of 5 new Toll-bars noted in the statement from the 1st July 1895 as there are such bars already in existence on these roads within the limits of the British Territory as shown in the statement.

Resolved also that rates sanctioned for the existing Toll-gates at Agumbi, Hydorghar and Lakshmipur be levied at the proposed new Toll-bars, so that there may be uniform rates for the whole District.

The Board are of opinion that no establishment need be entertained for the collection of Tolls at these bars, but that the right to collect tolls for one year from 1st July 1895 to 30th June 1896 may be farmed out as in the case of the existing toll-gates of the Agumbi, Hyderghar and Lakshmipur, as an experimental measure.

Resolved that a recommendation be made to Government accordingly in reply to the Government Proceedings quoted above conveying the views of the Board.

3. The Board record with regret the death of the Inamdar member Mr. Nadig Mojappa, which took place on the 17th February 1895.

4. Resolved that a notice to every Inamdar of an alienated village in the District may be forwarded under Rule XIX of Government Notification No. 110 of 4th July 1874, to elect an Inamdar as a member of the Local Fund Board to fill up the vacancy.

5. Read Docket No. 1127, dated 4th March last, from the Deputy Commissioner, Kadur District, forwarding copy of Government Proceedings No. 12787—L F. 24-92, dated 21st February, and of the Senior Surgeon's letter referred to therein and enquiring if an exchange between the Kadur Midwife Mariyamma and another in this District could be effected.

The Board decline to entertain the proposal.

MYSORE STATE LIFE INSURANCE.

Circular No. 23, dated 17th June 1895.

To—The Heads of all Departments.

In inviting attention of the Heads of Departments to this Office Circular No. 16, dated 20th June 1893, undersigned regrets to observe that the monthly statements of new appointments and promotions prescribed in the said circular are not regularly forwarded to this office by many of the Departments ; the consequence of which is that officials newly entertained or promoted are generally allowed to put off their insurance until notice is taken by this Office from information gathered from the annual schedules of establishments or otherwise.

2. It is therefore requested that the instructions conveyed in the above circular may be strictly enforced by causing regular submission of the required statements to enable this Office to take immediate action in the matter and thus promptly enforce the Insurance Rules.

3. Proposals from many of the officials who were entertained long ago and subsequent to the introduction of the Insurance Rules are just now being received. This leads to the supposition that there may be still many such officials who have evaded insurance although it is compulsory on them to do it as soon after their entry in service as possible.

4. The Heads of Departments are therefore requested to be so good as to cause once more a thorough enquiry being made and insist upon such officials if any found, submitting their proposals at the earliest possible dates.

E. R. SUBRAYER,
Secy. to the Insurance Committee.

III. *Establishment of Toll-gates.*—Read Government Proceedings No. 11190-97—L. F 190-93, dated 22nd January 1895, calling for additional information in regard to the establishment of toll-gates on the frontier roads in the Province.

Resolution—The Board resolve to follow the British rules and rates.

IV. *Supplemental Budget for Rs.* 2,000 *for sinking wells.*—Read Government Proceedings No. 17807—L F. 231-93, dated 20th April 1895, requesting to obtain approval of the Board to the Supplemental Budget for Rs. 2,000 for sinking wells in Arsikere and Channarayapatna Taluks.

Resolution.— Approved.

V. *Travellers' Bungalow at Hirisave.*—Read Government Proceedings No. 18238—L. F. 73-94, dated 25th April 1895, *anent* the retention of the Travellers' Bungalow at Hirisave as a 3rd class one.

Resolution.—The Board resolve that the Bungalow be retained as a 3rd class one.

VI. *Re-appropriation of grant under Original Works of the current year.*—Read Executive Engineer's Docket No. 381, dated 20th ultimo, stating that the increase of grant proposed under "Reserve Minor Works" is badly wanted to sanction estimates for constructing a few rough stone tunnels and for collecting materials for the special repairs of some furlongs for which no provision has been made in the annual repair estimates.

Resolution.—Approved.

VII. *Additional rooms to the Dispensary at Arsikere.*—Read Executive Engineer's Docket No. 148, dated 25th February last, informing that the estimate originally prepared for Rs. 510 for adding two rooms to the Dispensary at Arsikere was since revised by the Chief Engineer for Rs. 858 and requesting that a sum of Rs. 572 being the amount of contribution payable from Municipal and District Funds may be placed at his disposal instead of Rs. 340 originally asked for.

IX. *Bandy-stand at Arsikere.*—Read Government Proceedings No. 12654—L. F. 257-93, dated 19th February last, stating that the question whether the entire income from the cart-stand should be credited to the Municipality or a portion of it to the District Funds will be considered hereafter.

Resolution.—Recorded with reference to Resolution 5 of the Boards Proceedings dated 19th November 1894.

X. *Dispensary at Konanur.*—The President explained to the Board that the entire cost of the Dispensary was sanctioned from District Funds in the current year, that it was reasonable to demand ⅓rd cost from the Municipal Funds and that provision is accordingly made in the Budget for the ensuing year. The construction of a Dispensary building as per recent design being very necessary, a sum of Rs. 350 is also provided in the Budget as 1st instalment of the contribution payable by the Municipality. He therefore stated that the Board also will have to bear its share of contribution.

Resolution.—The proposition was carried unanimously, the Board agreed to pay its share of contribution. Provision should be made in the supplementary Budget.

XI. *Belur Bridge.*—Read Chief Engineer's letter No. 1536, dated 2nd April last, in reply to this office No. 295, dated 11th March 1895, requesting him to obtain a grant of Rs. 1,500 from the Local Funds General to meet the cost of bangles presented to the Bridge Contractor, pointing out that there being still a balance of Rs. 52,393 available from the grant allotted from Local Funds General, the necessity for the further allotment is not apparent, &c.

The President explained to the Board that out of the grant of Rs. 1,70,650 allotted for the Bridge work up to the end of 1889-90 from the Local Funds General, a sum of Rs. 94,438 (exclusive of the establishment charges) was spent as per details in the margin, leaving a balance of Rs. 76,212 available for expenditure at the end of the year 1889-90, such being the case it is not understood how a sum of Rs. 63,000 as per margin was provided for from the District Funds (*vide* D. P. W. sanctioned Budgets of 1890-91, 1891-92, although the Board in passing the Budgets of 1890-91, 1891-92, were of opinion that funds for the Bridge work should be provided for from the Local Funds General.

XII. *Nominating a member of the South Mysore Planters' Association to a seat on the District Fund Board.*—Read letter dated 10th April last from the Honorary Secretary of the South Mysore Planters' Association forwarding copy of a resolution of the proceedings of the Association in the Annual General meeting held by them on the 7th March 1895, which runs thus :—

"That in the opinion of this meeting it is essentially desirable that a member of this Association should be nominated to a seat on the Hassan District Local Board precisely as was arranged in previous years."

Resolution.—The Board considered that in the interests of the Association the nomination of a European Planter to a seat on the Board was desirable.

XIII. *Appointing a Health officer.*—It was proposed by the President that in place of the present Deputy Inspector of Vaccination, who only knows the simplest work of vaccination, the appointment of a Medical man with the designation of Health officer is productive of much benefit, as the latter will not only be able to attend to vaccination, but also to sanitation and treat patients in cases of urgency.

There may be some extra cost to Government by the proposed arrangement as the services of a competent Medical man cannot be secured for so low a salary as that which the Deputy Inspector of Vaccination now gets, namely Rs. 40. At present graduates in medicine have been employed even as Hospital Assistants. The Board may contribute the difference of pay.

Resolution.—The Board considering the advantages that can be derived from the appointment of a Medical man, unanimously agreed to the proposal.

XIV. The following papers were read for the information of the Board, and recorded :—

Resolved—that the same be passed.

Resolved—also that the Amildars and Deputy Amildars be requested to expedite completion of the many works now on hand but which have not made satisfactory progress.

II. Read and recorded—

(1) Proceedings of Government No. 16064-8—L. F 151-94, dated 2nd April 1895, passing orders on the District Fund Budget of the Chitaldrug District for the year 1895-96.

(2) Proceedings of Government No. 18827-60—L. F. 161-94, dated 1st May 1895, passing orders on the sanitary measures adopted by the Deputy Commissioner of Kadur to arrest the spread of cholera at Ajjampur.

III. Read Proceedings of Government No. 15271—L. F. 345-92, dated 2nd March 1895, enquiring what would be the cost of putting in order Honnappa Naidu's Chattram at Malebennur and directing that the views of the Local Fund Board regarding the transfer of the building to the management of Government be reported. Read also Resolution No. IV of the Boards meeting held on 26th March last on the subject, and also Executive Engineer's No. 455, dated 2nd May 1895, forwarding No. III Sub-Division Officer's report No. 429, dated 23rd April 1895, on the present condition and value of the building.

Resolved—that the matter be again referred to the Executive Engineer with a request that he will kindly value the building himself when he next visits that locality, and furnish the Board with his opinion as to its value together with the site on which it stands.

IV. Read Proceedings of Government No. 11190-97—L. F. 190-93, dated 22nd January 1895, calling for additional information in regard to the establishment of toll-gates on the frontier roads in the Province. The only District Fund roads on which toll-gates could be established are :—

(1) Hangal-Roydrug road,
(2) Vizapur-Ujani road, and
(3) Harihar-Harapanhalli road.

The traffic not being heavy on any of these roads, the net toll collections are not likely to exceed Rs. 200 on No. 1, Rs. 100 on No. 2 and Rs. 200 on No. 3. The revenue expected being paltry, the Board does not consider it advisable to propose the establishment of toll-gates on any of these roads.

V. Read Executive Engineer's No. 131, dated 27th April 1895, requesting the Deputy Commissioner to arrange for the payment of the District Fund portion of the cost of constructing a Female Dispensary at Chitaldrug and also the Deputy Commissioner's No. 471—197, dated 7th May 1895, being the reply thereto.

Resolved—that the reply be approved and that the Executive Engineer be informed that the Board undertake to pay one-third of the cost of constructing a Female Dispensary at Chitaldrug.

VI. Read Executive Engineer's No. 104, dated 4th April 1895, requesting to obtain the approval of the District Fund Board for incurring an expenditure of Rs. 1,500 during 1894-95 towards the tunnelling of the Holalkere-Huliyar road.

Resolved—that the approval of the Board be communicated to the Executive Engineer.

VII. Read letters Nos. 1476 and 1738, dated 2nd April 1895 and 16th May 1895, respectively, from the Military Secretary, requesting that suitable accommodation for the men and horses stationed at Jagalur be provided from Local Funds, and stating that if this could not be done, it would become necessary to remove the detachment to some other place.

Resolved—that the retention of the detachment at Jagalur being necessary in the interests of the safety of life and property in the Jagalur Taluk, the Deputy Commissioner be requested to arrange for the early construction of stables and houses either from Local Funds General or from District Funds. The stables and houses must be cheap and substantial.

MYSORE STATE LIFE INSURANCE.

Circular No. 28, dated 17th June 1895.

To—The Heads of all Departments.

In inviting attention of the Heads of Departments to this Office Circular No. 16, dated 20th June 1893, undersigned regrets to observe that the monthly statements of new appointments and promotions prescribed in the said circular are not regularly forwarded to this office by many of the Departments; the consequence of which is that officials newly entertained or promoted are generally allowed to put off their insurance until notice is taken by this Office from information gathered from the annual schedules of establishments or otherwise.

2. It is therefore requested that the instructions conveyed in the above circular may be strictly enforced by causing regular submission of the required statements to enable this Office to take immediate action in the matter and thus promptly enforce the Insurance Rules.

3. Proposals from many of the officials who were entertained long ago and subsequent to the introduction of the Insurance Rules are just now being received. This leads to the supposition that there may be still many such officials who have evaded insurance although it is compulsory on them to do it as soon after their entry in service as possible.

4. The Heads of Departments are therefore requested to be so good as to cause once more a thorough enquiry being made and insist upon such officials if any found, submitting their proposals at the earliest possible dates.

Letter No. 24 (Revenue), dated India Office, London, 28th February 1895, from the Right Honorable H. H. Fowler, Secretary of State for India, to His Excellency the Right Honorable the Governor-General of India in Council.

My Lord,—With reference to Your Excellency's letter No. 47 (Medical), dated the 11th September 1894, I forward copy of a letter* from Dr. Mueller, containing further remarks and suggestions concerning the trial of his strychnine treatment for snakebite.

* Dated 10th December 1894.

2. I observe that you have directed that further trials of Dr. Mueller's method of treatment should be made.

Yackandandah (Victoria), the 10th December 1894.

To the Right Honorable H. H. Fowler, Her Majesty's Secretary of State for India.

Sir,—I have the honor to acknowledge the receipt, through His Excellency Governor the Earl of Hopetown, of copy of a letter, dated the 14th September 1894, from the Indian Government to you, concerning my method of treating snakebite by strychnine injections, together with reports from Indian Local Governments and Administrations on the results of the trials of this method made by your order in consequence of my memorial to Her Majesty the Queen.

Whilst expressing my very great obligation to you for these highly interesting documents, I may be permitted to make a few remarks on their contents which, for the satisfactory elucidation of so important a subject, I feel to be incumbent on me and urgently called for.

Though the successes of my method in India greatly outnumber its comparatively few failures, I fully agree with the Indian Government that the information obtained is not conclusive, and that further trials are desirable.

In these trials, however, a more uniform and strict adherence to the method should be insisted on, which, founded on Australian experience, has been distinctly and clearly laid down by me in previous communications.

This is a point of paramount importance and no failures can fairly be counted against it, in which this most indispensable condition has not been complied with.

The antidote must be injected promptly and according to symptoms in more or less large doses, until distinct and unmistakeable strychnia symptoms have been produced.—Small doses only irritate the nerve centres, prostrated by the snake-venom, and engender a tendency to convulsions, not to speak of the precious time which is lost by them. The correctness of this rule is clearly proven by the success of the gentlemen who complied with it, and the failure of those who disregarded it. On analysing the reports I find that the native section of the medical profession in India has manifested a much greater readiness to fall in with my views, than has been shown by the Europeans. Many of the latter appear to cling to obsolete views of the blood-poisoning effect of snake-venom and cannot reconcile themselves to the large doses which are an essential feature of my method, nor to the complete and rapid cures effected by it.

Exactly the same opposition was offered to me in Australia, but I quickly overcame it by taking upon myself the responsibility of authorizing the sale of antidote cases to the public with printed directions for use issued by me. The settlers in the bush largely availed themselves of these cases, and applying the antidote according to directions, were uniformly successful, even more so than some of the medical men, who disregarded them. The result is, that strychnine is now the recognised antidote to snake-poison, and that deaths from the latter are of comparatively rare occurrence in Australia.

The alleged dangers of the treatment are purely imaginary, for the effects of strychnine on the muscular system are too conspicuous to be overlooked and invariably signalise a stage in the treatment, in which the antidote is no longer required. They pass off quickly, and the patient recovers almost immediately, excepting in old cases, where the treatment has been unduly delayed and organic changes have taken place in the nerve centres, which the antidote cannot cope with. A case in point, showing the enormous quantity of strychnine that may be injected with impunity in cobra bite, is that reported by Surgeon-Major Thomas of Chingleput, who within a few hours injected three grains of strychnine and saved his patient. It is more than probable that even if the strychnine treatment does not receive official sanction in India, it will nevertheless be adopted since,—thanks to the measures adopted by you,—it has now become generally known, and that it will become as popular with the natives as it is now with the Australian bushmen * * * * * *

Memorandum of Objects and Reasons.

In Mysore the Legislative and Executive functions are vested in the same authority, *namely*, the Maharaja. No suits in the Civil Courts of the State lie in respect of any acts done by the Maharaja or by those deriving their authority from Him to administer the Executive Government of the State. Such suits did not lie against the British Government or the Chief Commissioner who administered the State in the name of the Maharaja (see Srinivassiengar *vs.* Chief Commissioner), nor can such suits now lie against His Highness' Government. The remedy in all such cases is by petition to the Sovereign himself.

Under such circumstances the Civil Procedure Code of Mysore always omitted provision for suits against the Government. The omission existed both in the Code of 1877 introduced by Government of India Notification, dated 27th May 1877, and it now exists under the Code of 1882 introduced by Regulation II of 1884. Sections 33, 34, 35, 36 and 37 of this Regulation, provide for the alteration of Sections 416, 418, 424 and 429, and the omission of Sections 419, 420 and 421, of the British Civil Procedure Code of 1882, the object of such alterations and omissions being to exclude suits from the Civil Courts of the State against the Government of Mysore.

The remaining provisions of Chapter XXVII of the British Civil Procedure Code of 1882 are in force in Mysore. These relate to suits by Government (Sections 416, 417 and 418) and to suits against Public Officers as defined in Section 2 thereof. Of suits of the latter kind, a distinction is made between—

(*a*) suits against Public Officers which may proceed as between private parties, except as regards service of summons (Section 422), adjournment (Section 423) and arrest and attachment otherwise than in execution (Sections 425 and 427),

(*b*) suits against Public Officers of which the defence is undertaken by the Government and which may be defended by the Government Pleader (Section 426),

(*c*) suits against a Public Officer "in respect of an act purporting to be done by him in his official capacity" Section 424. In such suits the Public Officer may be exempted from personal appearance Section 428, and any decree passed *against* the Public Officer shall not be executed within three months from the date of a report by the Court to the Government, Section 429.

The facts stated in the foregoing paras were not kept in view when enacting Chapter XIV of the Mysore Land Revenue Code of 1888, and consequently in some of its Sections there is mention of "Suits against the Government" which as a matter of fact do not lie. It is desirable to correct this defect.

Again the Chief Court are reported to have held (Mysore Law Reports XV, page 243) that Section 229 of the Mysore Land Revenue Code applies only to Revenue Officers, whereas the intention was that it should apply to "any officer of Government in his official capacity." Chapter XIV of the Mysore Land Revenue Code is an adaptation of the Bombay Revenue Jurisdiction Act of 1876, which by its 15th Section, amended Section 32 of the Bombay Civil Courts Act XIV of 1869, almost in the terms of the Mysore Section 229.

Lastly it is found that protection, similar to what is afforded to Revenue Officers by Section 223, para 1 of the Mysore Land Revenue Code, is required also in the case of other Public Officers including Judges, Magistrates and Police Officers. Under such circumstances it will be most convenient to re-enact Chapter XIV of the Mysore Land Revenue Code with the necessary amendments, excluding therefrom all provisions applicable to official acts of Public Officers, and to enact a separate law for the protection of Judicial, Police, Revenue and other Public Officers.

Hence the accompanying two Draft Regulations, the objects and reasons of which may be briefly explained as follows :—

MYSORE LAND REVENUE CODE AMENDMENT REGULATION.

(1) Sections I and III merely verbal.

(2) Section II is necessary as there is no more important work connected with Land Revenue than the control and regulation of irrigation supply and the use of Government water generally.

(3) Section III re-enacts Chapter XIV by the same number of Sections as it now contains. The amendments are as explained below.

(*a*) Section 219 (old Section 210). The definition of "Hereditary officer and servant" is int[ended] to keep out of Civil Courts suits regarding hereditary muzrai and other similar officers, in [accord]ance with the rule laid by Sir Mark Cubbon, in Circular No. 30, dated 26th October 1854, [which] still in full force and effect.

(*b*) Section 221 (old Section 221). Suits against the Government are omitted. Clauses (*h*) and (*i*) of the Section as it now stands are also omitted, because the enactments contemplated in these clauses do not exist in Mysore and cases of express grants by Government are provided by the Land Inam Rules of 14th December 1867* which still have the force of law. The clauses in question are intended to modify the preceding clause (*f*) but they have no application to Mysore and their retention can only tend to mislead.

(*c*) Clause (*h*) of the Draft section is new and provides for the very important matter of non-interference by Courts of Law with matters of irrigation regarding which the Government is everywhere necessarily the absolute final authority.

(*d*) Section 222 of the Draft is new and expressly reserves to the Government the final decision of matters which the preceding section excludes from the jurisdiction of the Civil Courts.

(*e*) Section 223 of the Draft re-enacts in a more convenient form clauses (*b*) and (*c*) and last para of the present Section 222.

(*f*) Section 224 of the Draft is a mere amplification of the subject of clause (*n*) of present Section 222.

(*g*) Section 225 of the Draft is new, and provides that suits under the preceding section should be brought against the Deputy Commissioner, who for such purposes will represent the Government.

and (*h*) The remainder of the Draft Chapter calls for no remarks.

REGULATION FOR THE PROTECTION OF JUDICIAL, POLICE, REVENUE AND OTHER PUBLIC OFFICERS.

The marginal references in the Draft, explain the sources from which the various provisions have been taken.

Section 4 as regards the defence of good faith, lays down as express law what exists elsewhere as unwritten law as regards *all* Public Officers and as written law in Act XVIII of 1850 as regards Judicial Officers.

GOVERNMENT OF MYSORE.

LEGISLATIVE DEPARTMENT.

The following Draft Regulations, which are under the consideration of the Government of Mysore, are re-published for general information with a Memorandum of Objects and Reasons.

By order,
V. N. NARASIMMIYENGAR, *General Secretary.*

Memorandum of Objects and Reasons.

In Mysore the Legislative and Executive functions are vested in the same authority, *namely*, the Maharaja. No suits in the Civil Courts of the State lie in respect of any acts done by the Maharaja or by those deriving their authority from Him to administer the Executive Government of the State. Such suits did not lie against the British Government or the Chief Commissioner who administered the State in the name of the Maharaja (see Srinivasaiengar *vs.* Chief Commissioner), nor can such suits now lie against His Highness' Government. The remedy in all such cases is by petition to the Sovereign himself.

Under such circumstances the Civil Procedure Code of Mysore always omitted provision for suits against the Government. The omission existed both in the Code of 1877 introduced by Government of India Notification, dated 27th May 1877, and it now exists under the Code of 1882 introduced by Regulation II of 1884. Sections 33, 34, 35, 36 and 37 of this Regulation, provide for the alteration of Sections 416, 418, 424 and 429, and the omission of Sections 419, 420 and 421, of the British Civil Procedure Code of 1882, the object of such alterations and omissions being to exclude suits from the Civil Courts of the State against the Government of Mysore.

The remaining provisions of Chapter XXVII of the British Civil Procedure Code of 1882 are in force in Mysore. These relate to suits by Government (Sections 416, 417 and 418) and to suits against Public Officers as defined in Section 2 thereof. Of suits of the latter kind, a distinction is made between—

(*a*) suits against Public Officers which may proceed as between private parties, except as regards service of summons (Section 422), adjournment (Section 423) and arrest and attachment otherwise than in execution (Sections 425 and 427),

(*b*) suits against Public Officers of which the defence is undertaken by the Government and which may be defended by the Government Pleader (Section 426),

(*c*) suits against a Public Officer "in respect of an act purporting to be done by him in his official capacity" Section 424. In such suits the Public Officer may be exempted from personal appearance Section 428, and any decree passed *against* the Public Officer shall not be executed within three months from the date of a report by the Court to the Government, Section 429.

The facts stated in the foregoing paras were not kept in view when enacting Chapter XIV of the Mysore Land Revenue Code of 1888, and consequently in some of its Sections there is mention of "Suits against the Government" which as a matter of fact do not lie. It is desirable to correct this defect.

Again the Chief Court are reported to have held (Mysore Law Reports XV, page 243) that Section 229 of the Mysore Land Revenue Code applies only to Revenue Officers, whereas the intention was that it should apply to "any officer of Government in his official capacity." Chapter XIV of the Mysore Land Revenue Code is an adaptation of the Bombay Revenue Jurisdiction Act of 1876, which by its 15th Section, amended Section 32 of the Bombay Civil Courts Act XIV of 1869, almost in the terms of the Mysore Section 229.

Lastly it is found that protection, similar to what is afforded to Revenue Officers by Section 223, para 1 of the Mysore Land Revenue Code, is required also in the case of other Public Officers including Judges, Magistrates and Police Officers. Under such circumstances it will be most convenient to re-enact Chapter XIV of the Mysore Land Revenue Code with the necessary amendments, excluding therefrom all provisions applicable to official acts of Public Officers, and to enact a separate law for the protection of Judicial, Police, Revenue and other Public Officers.

Hence the accompanying two Draft Regulations, the objects and reasons of which may be briefly explained as follows :—

MYSORE LAND REVENUE CODE AMENDMENT REGULATION.

(1) Sections I and III merely verbal.

(2) Section II is necessary as there is no more important work connected with Land Revenue than the control and regulation of irrigation supply and the use of Government water generally.

(3) Section III re-enacts Chapter XIV by the same number of Sections as it now contains. The amendments are as explained below.

(*a*) Section 219 (old Section 219). The definition of "Hereditary officer and servant" is intended to keep out of Civil Courts suits regarding hereditary muzrai and other similar officers, in accordance with the rule laid by Sir Mark Cubbon, in Circular No. 30, dated 26th October 1854, which is still in full force and effect.

(*b*) Section 221 (old Section 221). Suits against the Government are omitted. Clauses (*h*) and (*i*) of the Section as it now stands are also omitted, because the enactments contemplated in these clauses do not exist in Mysore and cases of express grants by Government are provided by the Land Inam Rules of 14th December 1867* which still have the force of law. The clauses in question are intended to modify the preceding clause (*f*) but they have no application to Mysore and their retention can only tend to mislead.

(*c*) Clause (*h*) of the Draft section is new and provides for the very important matter of non-interference by Courts of Law with matters of irrigation regarding which the Government is everywhere necessarily the absolute final authority.

(*d*) Section 222 of the Draft is new and expressly reserves to the Government the final decision of matters which the preceding section excludes from the jurisdiction of the Civil Courts.

(*e*) Section 223 of the Draft re-enacts in a more convenient form clauses (*b*) and (*c*) and last para of the present Section 222.

(*f*) Section 224 of the Draft is a mere amplification of the subject of clause (*a*) of present Section 222.

(*g*) Section 225 of the Draft is new, and provides that suits under the preceding section should be brought against the Deputy Commissioner, who for such purposes will represent the Government.

and (*h*) The remainder of the Draft Chapter calls for no remarks.

REGULATION FOR THE PROTECTION OF JUDICIAL, POLICE, REVENUE AND OTHER PUBLIC OFFICERS.

The marginal references in the Draft, explain the sources from which the various provisions have been taken.

Section 4 as regards the defence of good faith, lays down as express law what exists elsewhere as unwritten law as regards *all* Public Officers and as written law in Act XVIII of 1850 as regards Judicial Officers.

(DRAFT REGULATION).
